**4. FIRST PUBLIC COMMENT**

Any person shall be permitted to address a meeting of the Board of Commissioners which is required to be open to the public under the provisions of the Michigan Open Meetings Act. Public Comment shall be carried out in accordance with the following Board Rules and Procedures:

Any person wishing to address the Board shall state his or her name and address.

No person shall be allowed to speak more than once on the same matter, excluding time needed to answer Commissioners' questions, if any. The Chairperson shall control the amount of time each person shall be allowed to speak, which shall not exceed three (3) minutes. The Chairperson may, at his or her discretion, allow an additional opportunity or time to speak if determined germane and necessary to the discussion.

Public comment will be solicited during the two public comment periods noted in Rule 5.4, Order of Business. However, public comment may be received during the meeting when a specific agenda topic is scheduled for discussion by the Board. Prior to the first public comment, the Chairperson will indicate the topics on the agenda for which public comment will be accepted. Members of the public wishing to comment should raise their hand or pass a note to the clerk in order to be recognized, and shall not address the board until called upon by the chairperson. Please be respectful and refrain from personal or political attacks.

**5. APPROVAL OF AGENDA**

**6. CONSENT CALENDAR:**

The purpose of the Consent Calendar is to expedite business by grouping non-controversial items together to be dealt with by one Commission motion without discussion. Any member of the Commission, staff or the public may ask that any item on the Consent Calendar be removed and placed elsewhere on the agenda for full discussion. Such requests will be automatically respected.

If any item is not removed from the consent calendar, the action noted (receive & file or approval) is approved by a single Commission action adopting the consent calendar.

All Information identified on the Consent Calendar can be viewed in it's entirety at [www.grandtraverse.org](http://www.grandtraverse.org).

B. Drain Commission

Resolution 107-2019  
Drain Commission  
Deficit Elimination Plan

Moved by Wheelock, seconded by Clous to approve the Deficit Elimination Plans as outlined in Resolutions 106-2019 and 107-2019.

Roll Call Vote: Yes 7

Commissioners directed staff to contact the Drain Commissioner and request that he appear at the next regular board meeting and bi-monthly after that to give a report on the county drains to the Board of Commissioners.

Commissioners took a break at 9:27 a.m.

Commissioners returned to regular session at 9:38 a.m.

Moved by Jewett, seconded by Clous to direct staff to investigate the possibility of eliminating the Drain Commissioner’s duties and/or elected position.

Roll Call Vote: Yes 7

**b. Michigan State University (MSU) Extension**

1) Annual Report Presentation

Jennifer Berkey, MSU Extension District Director, gave the MSU Extension annual presentation.

UNFINISHED BUSINESS

**a. Northern Lakes Community Mental Health Authority Appointment**

The Grand Traverse County Commissioners are responsible for appointing 6 members to the Northern Lakes Community Mental Health Authority representing the following: 1 Primary Consumer, 1 Commissioner (or designee), 1 Mental Health Professional and 3 people from the general public. Chairman Hentschel indicated that Dr. Dan Lathrop qualifies under the Primary Consumer designation.

Moved by Hentschel, seconded by Jewett to approve appointment of Daniel Lathrop to the Community Mental Health Authority as the Primary Consumer position.

Roll Call Vote: Yes 6, No 1

Nay: Wheelock

NEW BUSINESS

**a. 2020 Census**

Moved by Clous, seconded by Jewett to direct staff to draft a resolution supporting the addition of the citizenship question on future census questionnaires. Further, once the resolution is passed, it will be distributed to President Trump and the other 82 counties in Michigan.

Roll Call Vote: Yes 4, No 3

Nay: Wheelock, Hundley and Coffia

**b. Proposed Board Rule Addition**

Commissioners discussed adding a requirement to the Board Rules that the Commissioners attend a sexual harassment training.

Moved by Coffia, seconded by Hundley that the new board rule be approved and applied to current board members by scheduling a sexual harassment training to be completed by all Board of Commission members no later than September 30, 2019.

Commissioner Coffia amended her motion to remove “sexual harassment training” and replace it with just “harassment training”.

Chairman Hentschel suggested the following motion instead (no second to the motion):

“Orientation type trainings shall be made available to elected officials of Grand Traverse County as appropriate to their elected position including but not limited to Open Meetings Act, Freedom of Information Act, Sexual Harassment training, general county policy orientation and meetings with administrative and/or support staff. It shall be the responsibility of the County Administrator to ensure that such trainings are made available by qualified staff or trainers and proactively promoted to elected officials as early as the day in which election results are certified prior to taking office and no later than within 45 days of taking office. Reimbursement of travel expenses associated with such meetings shall be limited to those allowed under the County Travel Reimbursement policy and are subject to approval by the County Administrator.”

Moved by Jewett, seconded by Coffia to table the proposed board rule addition until legal counsel can review it and make a recommendation. Motion carried.

PUBLIC COMMENT

The following people addressed the Commissioners during Public Comment:

**Matt Schoech**

**Andy Marek**

COMMISSIONER/DEPARTMENT REPORTS

Commissioners gave updates on meetings and events they attended.

**Removal of House at Maple Bay and scheduled Fire/Police Training**

Commissioners discussed the removal of the house sitting vacant on Maple Bay property. The Fire and Police have planned a controlled burn training of the house but there was confusion on who would pay for the clean up after the training. Chairman Hentschel suggested they explore the possibility of giving the house away for free if someone wanted to incur the cost of moving it.

(Under the Board Rules, an item added to the agenda after the agenda is posted requires a 2/3 vote to pass.)

Moved by Wheelock, seconded by LaPointe to allow Emergency Services to utilize the Maple Bay facility for training purposes.

Roll Call Vote: Yes 5, No 2

Nay: LaPointe and Hentschel

**PRESENT:**     Ralph Soffredine, Chair  
                  Rodetta Harrand, Vice-Chair  
                  Gordie LaPointe, County Commissioner  
                  Kristine Lagios, DHHS Director  
                  John Rizzo, Member

**ABSENT:**       None

**GUESTS:**       None

The regular meeting of the Grand Traverse County Department of Human Services was **called to order at 1:30 PM** by Chair Soffredine in the First Floor Conference Room, Traverse City State Office Building, 701 South Elmwood Avenue, Traverse City, Michigan.

**PUBLIC COMMENT:** Commissioner LaPointe provided an update from the Board of Commissioners. He recently visited Sobriety Court and was very impressed with the system and Judges. He would like to see the pension issue resolved so the county can focus on other items. Mary Marois was reappointed to the Northern Lakes Community Mental Health Board. The 2% revenue from the Tribe is being given to worthy causes. The board submitted 6 different grants representing various community organizations.

**REVIEW AND FILE:**

- A. **Green Book** – Assistance Data – March 2019
- B. **Trend Report** – Fiscal Years 2017, 2018, 2019

Motion to accept the March 2019 Green Book and Trend Report made by Rizzo, seconded by Harrand. Motion carried.

**APPROVAL OF AGENDA** – Motion to approve the agenda with the addition of UCL Update after Financials made by Harrand, seconded by Rizzo. Motion carried.

**APPROVAL OF MINUTES** - The minutes from the April 23, 2019 meeting were reviewed. Motion to approve the minutes as presented made by Harrand, seconded by Rizzo. Motion carried.

**FINANCIAL**

- A. **Financial Report for April 2019**
  - The Financial Report for April 2019 was reviewed. Motion to accept the April 2019 Financial Report made by Rizzo, seconded by Harrand. Motion carried.

## **NEW BUSINESS**

### **A. UCL Update**

- Overdue applications are down to just over 4%. We are working on updates to the system to improve the process. A team came in last week to talk with staff about suggestions and issues with the computer systems, with the intent to improve as much as possible.

### **B. Personnel Updates**

- There has been discussion with Cory at the Pavilions about hiring a position to work with the Pavilions and the PACE program. This is moving forward.

### **C. Director Updates**

- We are in the process of planning our annual staff picnic in conjunction with Cindy Ooley's retirement in July.
- The Foster Care Learning Collaborative was held this morning. Healthcare for children in foster care was discussed.

**It is noted that Chair Soffredine left at 2:00 PM.**

### **D. FY 20 Budget**

- The Board budget process for FY20 will begin soon. The Board will need to determine how much money is needed for FY20.

### **E. Christmas Program**

- The DHHS Office is requesting \$5,000 for the holiday program for families in the community. This would also go towards Operation Good Cheer. Rodetta would like to table this for the month. She would like to know more about the money to be spent. Specifically, the amount of money spent last year and how it is divided up.

### **F. Camperships**

- The DHHS Office is requesting \$5,000 for camperships. Camperships are approximately \$500 each, so this would service approximately 10 children. Harrand wants a report back showing specifics on money spent.  
Motion to approve \$5,000 out of Projects fund for camperships for 2019 made by Harrand, seconded by Rizzo. Motion carried.

### **G. Gas Cards – Community Need**

- The DHHS Office is requesting \$500 for gas cards for community need.  
Motion to approve \$500 for gas cards for community need out of Projects fund made by Rizzo, seconded by Harrand. Motion carried.

**PUBLIC COMMENT:** Commissioner LaPointe inquired about funding sources for each county and how it works with UCL. The Board wants to ensure that clients in Grand Traverse County are being supported by GT DHHS Board funds.

NEXT BOARD MEETING – June 25, 2019

ADJOURNMENT – The meeting was adjourned at 2:31 PM.

BOARD MEETING MINUTES  
June 25, 2019**

**PRESENT:** Ralph Soffredine, Chair  
Rodetta Harrand, Vice-Chair  
John Rizzo, Member  
Kristine Lagios, DHHS Director  
Gordie LaPointe, County Commissioner

**ABSENT:** None

**GUESTS:** Joe Bagby, Community Resource Coordinator

The regular meeting of the Grand Traverse County Department of Human Services was **called to order at 9:04 AM** by Chair Soffredine in the First Floor Conference Room, Traverse City State Office Building, 701 South Elmwood Avenue, Traverse City, Michigan.

**PUBLIC COMMENT:** Commissioner LaPointe noted the importance of the county's financial health. The county has been forgoing about \$600,000 per year to the city due to a DDA/TIFF. There has been discussion on extending TIFF 97 beyond the original 30-year agreement.

**REVIEW AND FILE:**

- A. **Green Book** – Assistance Data – April 2019
- B. **Trend Report** – Fiscal Years 2017, 2018, 2019

Motion to accept the April 2019 Green Book and Trend Report made by Rizzo, seconded by Harrand. Motion carried.

**APPROVAL OF AGENDA** – Motion to approve the agenda as presented made by Harrand, seconded by Rizzo. Motion carried.

**APPROVAL OF MINUTES** - The minutes from the May 29, 2019 meeting were reviewed. Motion to approve the minutes as presented made by Rizzo, seconded by Harrand. Motion carried.

**FINANCIAL**

**A. Financial Report for May 2019**

- The Financial Report for May 2019 was reviewed. The budget preparation process was discussed. Ralph would like to see the same amount requested again. Motion to accept the May 2019 Financial Report made by Rizzo, seconded by Harrand. Motion carried.

Rodetta asked Kris to explain the partnership with Corey at the medical care facility. Kris indicated there is a contract with the facility to provide a caseworker. The medical care facility provides half of the salary and DHHS provides the rest. They will work on medical care cases and the PACE program.

## **NEW BUSINESS**

### **A. Personnel Updates**

- We have some Assistance Payments workers on leave and have been interviewing to form a pool of qualified applicants.
- Interviews have been completed for the Child Welfare Program Manager position. We are in the process of checking references.

### **B. Director Updates**

- There was a UCL update release on 6/24/19.
- The UCL backlog is currently at 7%.

Ralph asked about the APS program and if it is controlled locally. Kris advised that staff are under our local allocations, but the program is through the BSC (Business Service Center). Ralph would like the supervisor of APS to come speak about their program, in light of the recent newspaper article.

- CPS/FC attended mandatory training on relative assessments last week. There will be another session in July.
- We have the SCP (Supervisory Control Protocol) occurring and being monitored.

### **C. Annual Staff Training – July 10<sup>th</sup>**

- Our annual staff training will include a staff meeting, team building exercise, lunch, and laughter therapist presentation. Requesting \$750.00 from the board to help cover expenses.

Motion to approve \$750.00 for staff training on July 10<sup>th</sup> made by Rizzo, supported by Harrand. Motion carried.

## **OLD BUSINESS**

### **A. Christmas Program**

- Joe Bagby, Community Resource Coordinator, provided the Board with an overview on the Christmas program. Each year we try to support Christmas giving in the community. Salvation Army is the primary giving entity. We have provided gift cards to Salvation Army in the past. Last year the Board gave \$2,500.00. To qualify for the program, families must be 150% of federal poverty limit, a Grand Traverse County resident, prove income, and have children 0-17 years old. Families need to register in advance, provide required proofs, and come in on distribution day.

Operation Good Cheer is a program for foster care children and run by Child and Family Services.

Motion to allocate \$5,000.00 to the Christmas program made by Rizzo, was not supported.

Motion to allocate \$3,000.00 to the Christmas program by Harrand, supported by Rizzo. Motion carried.

With regards to services children, Rodetta would like some specifics for a new proposal for need regarding holiday giving.

**PUBLIC COMMENT:** None

## **Employee Recognition: Making a Difference in Grand Traverse County**

Employees are invited to attend the Making a Difference quarterly reception Friday, July 26, at 10:30 a.m. in the Governmental Center Cafeteria, lower level.

The reception will recognize all employees who were nominated for Making a Difference and all employees who celebrated a milestone service anniversary or were new to the County during 2nd quarter.

The reception includes time to mingle/network, a presentation, food, tokens of appreciation to those who have made a difference, and gifts to those celebrating service anniversaries.

### **Employees celebrating milestone service anniversaries:**

Celebrating 5 years:           Mike Rohn, DPW  
                                      Ryan Colley, Sheriff's Office  
                                      Laura Laisure, Health Department

Celebrating 10 years:       Josh Wolf, Sheriff's Office  
                                      Cindy Kott, Commission on Aging

Celebrating 15 years:       Jason Roelofs, Sheriff's Office  
                                      Jim Domagalski, Central Dispatch

Celebrating 20 years:       Kyle Egelski, Sheriff's Office

Celebrating 30 years:       Michelle Folkersma, Sheriff's Office

Employees celebrating milestone anniversaries may select from an assortment of County logo wear from Bay Supply, a Downtown gift certificate, or a Shell gas card to use at any Shell station/convenience store and will be presented with their selection at the reception.

### **Making a Difference nominees:**

**Jean Mauk, Environmental Health**, for receiving a letter from a grateful citizen for her customer service, politeness, helpfulness, and knowledge in helping the citizen navigate the permit process for new construction. Below is a message that Nate Alger received from the grateful citizen:

Good afternoon Nate and Chris,

On personal business, I recently had the pleasure of working with a County employee at the Soil and Erosion Department on LaFranier. Her name is Jean, but I do not have her last name. Jean was polite, helpful, knowledgeable, and customer service focused. It is not uncommon to hear stories of frustration when inexperienced people, like myself, are trying to navigate the permit process for new construction. Jean was able to guide me through the process and made it simple. So happy to have employees like Jean working for our County!

Best regards,  
Robert

**Leslie Maher, Environmental Health**, for juggling all the clerical necessities for various programs exceptionally well, conducting quality assurance, and providing excellent customer service.

**Kelley Plambeck, Sheriff's Office/Corrections Division**, for always helping others with tasks and remembering fellow employees birthdays, making cakes or other items for them.

**Veronica Wilson, MSU Extension**, for stepping in as Interim 4-H Coordinator to ensure that everything continued to run smoothly during the 2 month search process for a permanent replacement. All of the work was graciously done on top of her full time position.

Each nominee will receive a token of appreciation with the winner announced at the reception. Join us to find out who will win!

If you have witnessed an employee do something exceptional, please make a [nomination](#) online or by sending an email to [employeerecognitionteam@grandtraverse.org](mailto:employeerecognitionteam@grandtraverse.org).

**Last Quarter's Winner:**

**Amanda Seguin, Health Department**, for taking extra time and care to deliver unexpected news to a client in a compassionate and caring manner, giving them her full undivided attention.

**Mark Your Calendars:**

**Next Reception:**

October 25, 2019 at 10:30 a.m.

Re: Jury Board – Mary Orth

Dear Chairman Hentschel:

County Clerk Bonnie Scheele has advised us that Mary Orth's time on the Jury Board expired in April. She recommends Ms. Orth's reappointment to the Jury Board for an additional six year term. Judge Elsenheimer and I are pleased to support the Clerk's recommendation. Ms. Orth has been a jury board member for a number of years and has done a fine job.

Sincerely,

Agenda Item Title:	Healthy Futures Services Agreement - Amendment #14 - Renewal		
Estimated Time:	0	Laptop Presentation:	
	<small>(in minutes)</small>		

**Summary of Request:**

Renewal of the Healthy Futures Services Agreement - Amendment #14 between Munson Medical Center and the Grand Traverse County Health Department. This amendment provides for an extension of the previous agreement for the Health Department to offer continued Healthy Futures Registered Nurse Care Coordination services to moms and newborns of Grand Traverse County. Healthy Futures is a universal postpartum home visiting program staffed with public health nurse case managers. The program is a partnership of area health care providers, health departments, and Munson Healthcare, dating back to 1995 when a Community Health Assessment identified access to healthcare as a major issue for the region; specifically the population of families with children from conception to age two. At that time, Healthy Futures launched to improve the health status outcomes of pregnant women and all babies born at Munson Medical Center and partner hospitals by ensuring access to primary and preventative health services. Community Health Assessments since this time have consistently identified access to care for this population as a concern across our region. Healthy Futures programming specifically targets improving outcomes such as breastfeeding, immunization rates, and access to care. As a gateway program for moms and babies, enrolled families link to supportive services such as WIC (Women, Infants, and Children), MIHP (Maternal Infant Health Program), mental health services, smoking cessation, childbirth education, parenting education, Early On, and CSHCS (Children's Special Health Care Services). In exchange for the Health Department performing the nursing care coordination services, Munson Medical Center assists with financial support in the amount of \$30,000. This amount is the same as fiscal year 2018-2019. In the amendment, the only change is the term of the agreement, which is July 1, 2019 through June 30, 2020.

**Suggested Motion:**

Approve the renewal of the Healthy Futures Services Agreement - Amendment #14 for \$30,000 with Munson Medical Center for the Health Department providing nurse care coordination services for the period of July 1, 2019 through June 30, 2020.

**Summary of Request:**

The County has received three proposals to update SIP trunking connection and replace currently PRI circuits that are used to route local and long distance calls in and out of the county phone system. There are currently four PRI trunks that service all five county sites (Boardman, Health Services/Public Services, Law Enforcement, Civic Center, Front Street) including three IP phone complexes and trunks. The current AT&T PRI contract annual cost is \$38,173.84 and will expire on August 26, 2019. The recommendation is to award the SIP trunking contract to AT&T for a two year term at \$21,982.35/year. The savings will be at \$16,191.49 per contract year.

## PRI vs. SIP

CATEGORY	PRI	SIP
Abbreviation	Primary Rate Interface	Session Initiation Protocol
Technology / Connection	<p>PRI (Primary Rate Interface) is a voice technology that has been widely-used since the 1980s. It is an interface standard used on an ISDN (Integrated Services Digital Network) to deliver multiple lines of voice and data into a business's existing PBX via one physical line, called a circuit. PRI is a high-capacity service carried on T1 trunk lines between telco central offices and your location. Most businesses have their ISDN PRI circuits in the form of T1 or fractional T1 lines. A T1 line carries voice and data via 24 digital channels.</p> <p>PRI is considered "old-school" telephony. It is physical hardware and also requires servicing from a telco for deploying, upgrading and troubleshooting.</p>	<p>SIP is a way to deliver voice via the Internet. SIP is a telephony networking protocol (much like other network protocols such as HTTP and SMTP), therefore it's a network technology rather than a telephone technology like PRI.</p> <p>SIP trunks are virtual; they don't require additional hardware to deploy. A business can use SIP for voice without need for an existing PBX since many SIP providers offer hosted PBX. As with PRI, SIP can deliver multiple voice lines to a single organization.</p>
Continuity	Complicated and costly affair when call rerouting is required during disaster at location.	Allows for automatic call rerouting to defined locations as part of disaster recovery plan.
Cost	Currently we are paying per circuit. Our annual fee is at \$ 38,173.84.	All three proposals are lower than the current PRI circuits and the saving range from \$12,196.00 to \$21,351.82.

# Grand Traverse County 911 Central Dispatch Central Dispatch Board of Directors

Adopted: March 7, 2018

## Section I: Authority

These By-laws are adopted pursuant to Emergency Telephone Service Enabling Act, MCLA 484.1301 et seq.

## Section II: Purpose

The Participating Public Safety Agencies desire to centralize the dispatch of emergency service responders including all public service entities. The intent is to create a Central Dispatch Board of Directors to benefit the public and the safety, health, and welfare of the citizens of Grand Traverse County.

## Section III: Definitions

As used in these By-laws, the following terms shall have the following meanings:

- 3.1 **Board** means refers to the Board of Directors as described in this Agreement
- 3.2 **Budget** means the annual fiscal plan regarding anticipated expenditures and revenue adopted by the Board of Commissioners.
- 3.3 **County** means Grand Traverse County Board of Commissioners
- 3.4 **Direct Dispatch Method** means a method of responding to a request for service whereby a PSAP, in accordance with established operating standards and policies, decides on the proper action to be taken and dispatches the appropriate available emergency service unit(s).
- 3.5 **Emergency Telephone Service Enabling Act** means 1986 P.A. No. 32, as amended, MCLA 484.1101 et seq.
- 3.6 **Executive Committee** means the chairperson, vice-chairperson and secretary of the Board.
- 3.7 **Fiscal year** shall be the same as the County of Grand Traverse.
- 3.8 **Participating Public Safety Agency (ies)** means a public agency that participates in the Grand Traverse County Central Dispatch system through either the direct dispatch method or transfer method.
- 3.9 **Public Safety Answering Point (PSAP)** means a communications facility operated on a 24-hour basis, assigned responsibility to receive both emergency and non-emergency requests by means of the direct dispatch method, the relay method or the transfer method.

- 3.10 **Relay method** means a method of responding to a request for service whereby a PSAP notes pertinent information and, in accordance with established operating standards and policies, relays it by telephone, radio, or private line to the appropriate public safety agency or other provider of emergency services that has an available emergency service unit in response to the request for service.
- 3.11 **Transfer method** means a method of responding to a request for service whereby a PSAP, in accordance with established operating standards and policies, transfers the call directly to the appropriate public safety agency or other provider of emergency service that has an available emergency service unit in response to the request for service.
- 3.12 **9-1-1 Plan** means the Plan adopted by the County Board of Commissioners pursuant to the Emergency Telephone Service Enabling Act.

**Section IV: Governance**

**4.1 Board of Directors.**

(A) Composition

For the purpose of developing and implementing dispatch policy and procedure, the Grand Traverse County 911 Central Dispatch shall be governed by a Board of Directors. The Board of Directors shall be comprised of 10 members, who shall be appointed by the County, and shall be comprised of a representative from the following departments or local units of government:

- 1. Grand Traverse County Board of Commissioners
- 2. Grand Traverse County Sheriff’s Office
- 3. Traverse City Police Department
- 4. Michigan State Police
- 5. Traverse City Fire Department
- 6. Grand Traverse Metro Fire Department
- 7. Township Fire Services Representative (as recommended by the Fire/EMS committee)
- 8. Emergency Management
- 9. Central Dispatch Director
- 10. Emergency Medical Services

(B) Meetings

(1) Organizational Meeting

The Board shall hold an Organizational meeting in January of every year. At the Organizational Meeting, the Central Dispatch Director shall preside until a Chairperson is chosen. As to the first item of business, the Board shall elect a Chairperson from its members, As to the second item of business, the newly elected Chairperson shall assume the chair and proceed with the elections of the Vice-Chairperson and Secretary.

As to the third item of business, the Board shall set the schedule of its regular meetings. The schedule shall include the date, time and place of the regular meetings for the calendar year. The schedule of its regular meetings shall be posted in accordance with the Open Meetings Act, MCLA 15.261, et seq. The Board shall meet at least quarterly, but may meet more frequently as decided by the board. The Board may also consider other items of business at the Organizational Meeting.

(2) Place of Meetings

Meetings of the Board shall be held in the Governmental Center located at 400 Boardman Avenue, Traverse City, Michigan, unless public notice of the meeting states a different location.

(3) Notice of meetings

All notices of the dates, times, and places of regular and special meetings shall be given in accordance with the Open Meetings Act, MCLA 15.261, et seq, as amended.

(4) Change in Meeting Schedule

By a majority vote of the board members appointed and serving, changes may be made to the meeting schedule including time and place or to recess any meeting to a later date. A special meeting of the board shall be held when requested by at least ½ (5) of the members of the Board.

(5) Conduct of Meeting

All meetings of the Board shall be conducted in accordance with all the requirements of the Open Meetings Act, MCLA 15.261, et seq, included but not limited allowing public comment, approving and publishing minutes, and meeting in closed session. The Board shall also follow the latest edition of Robert's Rules of Order Newly Revised unless they are inconsistent with these By-laws or statutes.

(6) Quorum

Five members of the Board shall constitute a quorum to conduct business.

(7) Voting

Each member shall be entitled to one vote. Voice voting shall be the normal method of voting unless a statute requires a roll call vote be taken, or the matter being voted upon requires a 2/3 or greater vote.

(C) Officers

The Board shall consist of the following officers:

**Chairperson:**

The Chairperson shall preside over meetings and will coordinate activities of the Grand Traverse County Central Dispatch.

**Vice Chairperson:**

The Vice Chairperson will act as the Chairperson in the Chairperson’s absence and can conduct all business that the Chairperson would normally conduct.

**Secretary:**

The Secretary shall serve as the recording secretary at the meetings of the Board, prepare minutes, and perform other duties assigned by the Board. The Board may appoint someone else other than the Secretary to serve as the recording secretary and prepare the minutes.

(D) Term of Office

The Central Dispatch Board of Directors shall be appointed for a period of two (2) years commencing January 1 of odd years, with the exception of the Grand Traverse County Sheriff, or designee, and the representative of the Michigan State Police who serve as defined by statute. The officers shall serve for a period of one year with their term commencing with their election at the Organizational Meeting.

**Section V: Operations**

**5.1 Personnel:**

The civilian director of Grand Traverse Central Dispatch is its chief executive officer and is directly responsible to the County Administrator for maintenance of communications equipment, developing work assignments within the Center, carrying out all policies set forth by the Board of Directors and other duties as may be assigned by the County Administrator. The Director and all such personnel shall be County employees and shall adhere to all rules, regulations, policies and procedures as set forth by the Grand Traverse County Board of Commissioners. Upon vacancy of the Director’s position, the Central Dispatch Board of Directors shall appoint up to two members to participate in the hiring process conducted by the County Administrator. The County Administrator retains the final authority on all matters involving Grand Traverse County 911 Central Dispatch.

**5.2 Director:**

The Dispatch Director will:

- Address all personnel issues
- Develop a budget and handle all budgetary issues
- Develop, revise and enforce Policy and Procedures
- Adopt or develop a disciplinary policy and practice
- Develop and interface with Technical Sub-committee when needed

# Municipal Employees' Retirement System of Michigan

Annual Actuarial Valuation Report  
December 31, 2018 - Grand Traverse Co (2803)

Spring, 2019

Grand Traverse Co

In care of:  
Municipal Employees' Retirement System of Michigan  
1134 Municipal Way  
Lansing, Michigan 48917

This report presents the results of the Annual Actuarial Valuation, prepared for Grand Traverse Co (2803) as of December 31, 2018. The report includes the determination of liabilities and contribution rates resulting from the participation in the Municipal Employees' Retirement System of Michigan ("MERS"). This report contains the minimum actuarially determined contribution requirement, in alignment with the MERS Plan Document, Actuarial Policy, and the Michigan Constitution and governing statutes. Grand Traverse Co is responsible for the employer contributions needed to provide MERS benefits for its employees and former employees.

The purposes of this valuation are to:

- Measure funding progress as of December 31, 2018,
- Establish contribution requirements for the fiscal year beginning January 1, 2020,
- Provide information regarding the identification and assessment of risk,
- Provide actuarial information in connection with applicable Governmental Accounting Standards Board (GASB) statements, and
- Provide information to assist the local unit of government with state reporting requirements.

This valuation assumed the continuing ability of the plan sponsor to make the contributions necessary to fund this plan. A determination regarding whether or not the plan sponsor is actually able to do so is outside our scope of expertise and was not performed.

The findings in this report are based on data and other information through December 31, 2018. The valuation was based upon information furnished by MERS concerning Retirement System benefits, financial transactions, plan provisions and active members, terminated members, retirees and beneficiaries. We checked for internal reasonability and year-to-year consistency, but did not audit the data. We are not responsible for the accuracy or completeness of the information provided by MERS.

The Municipal Employees' Retirement Act, PA 427 of 1984 and the MERS' Plan Document Article VI sec. 71 (1)(d), provides the MERS Board with the authority to set actuarial assumptions and methods after consultation with the actuary. As the fiduciary of the plan, MERS Retirement Board sets certain assumptions for funding and GASB purposes. These assumptions are checked regularly through a comprehensive study, called an Experience Study. The most recent study was completed in 2015, as prepared by the prior actuary, and is the basis of the assumptions and methods currently in place. **At the February 28, 2019 board meeting, the MERS Retirement Board adopted new economic assumptions effective with the December 31, 2019 annual actuarial valuation, which will impact contributions beginning in 2021.** An illustration of the potential impact is found in this report.

The Michigan Department of Treasury provides required assumptions to be used for purposes of Public Act 202 reporting. These assumptions are for reporting purposes only and do not impact required contributions. Please refer to the State Reporting page found at the end of this report for information for this filing.

For a full list of all the assumptions used, please refer to the division-specific assumptions described in table(s) in this report, and to the Appendix on the MERS website at:  
<http://www.mersofmich.com/Portals/0/Assets/Resources/AAV-Appendix/MERS-2018AnnualActuarialValuation-Appendix.pdf>.

**The actuarial assumptions used for this valuation are reasonable for purposes of the measurement.**

This report has been prepared by actuaries who have substantial experience valuing public employee retirement systems. To the best of our knowledge the information contained in this report is accurate and fairly presents the actuarial position of Grand Traverse Co as of the valuation date. All calculations have been made in conformity with generally accepted actuarial principles and practices, with the Actuarial Standards of Practice issued by the Actuarial Standards Board, and with applicable statutes.

David T. Kausch, Rebecca L. Stouffer, and Mark Buis are members of the American Academy of Actuaries. These actuaries meet the Academy's Qualification Standards to render the actuarial opinions contained herein. The signing actuaries are independent of the plan sponsor. GRS maintains independent consulting agreements with certain local units of government for services unrelated to the actuarial consulting services provided in this report.

The Retirement Board of the Municipal Employees' Retirement System of Michigan confirms that the System provides for payment of the required employer contribution as described in Section 20m of Act No. 314 of 1965 (MCL 38.1140m).

This information is purely actuarial in nature. It is not intended to serve as a substitute for legal, accounting or investment advice.

This report was prepared at the request of the MERS Retirement Board and may be provided only in its entirety by the municipality to other interested parties (MERS customarily provides the full report on request to associated third parties such as the auditor for the municipality). GRS is not responsible for the consequences of any unauthorized use. This report should not be relied on for any purpose other than the purposes described herein. Determinations of financial results, associated with the benefits described in this report, for purposes other than those identified above may be significantly different.

If you have reason to believe that the plan provisions are incorrectly described, that important plan provisions relevant to this valuation are not described, that conditions have changed since the calculations were made, that the information provided in this report is inaccurate or is in anyway incomplete, or if you need further information in order to make an informed decision on the subject matter in this report, please contact your Regional Manager at 1.800.767.MERS (6377).

Sincerely,

# Executive Summary

## Funded Ratio

The funded ratio of a plan is the percentage of the dollar value of the actuarial accrued liability that is covered by the actuarial value of assets. While funding ratio may be a useful plan measurement, understanding a plan's funding trend may be more important than a particular point in time. Refer to Table 7 to find a history of this information.

	12/31/2018	12/31/2017
Funded Ratio*	53%	52%

\* Reflects assets from Surplus divisions, if any.

There has been a change in actuary and actuarial software since the December 31, 2017 valuation. Throughout this report are references to valuation results generated prior to the 2018 valuation date. Results prior to 2018 were received directly from the prior actuary or extracted from the previous valuation system by MERS's technology service provider.

## Required Employer Contributions:

Your required employer contributions are shown in the following table. Employee contributions, if any, are in addition to the employer contributions. Changes to the actuarial assumptions and methods based on the 2015 Experience Study are phased-in over a 5-year period. This valuation reflects the fourth year of the phase-in.

Your minimum required contribution is the amount in the “Phase-in” columns. By default, MERS will invoice you the phased-in contribution amount, but strongly encourages you to contribute more than the minimum required contribution. If you requested and have been billed using No Phase-in rates, your 2019 rates will continue to use the No Phase-in method. If you have been billed using the Phased-in rates and wish to change to rates based on No Phase-in, please contact MERS.

The employer may contribute more than the minimum required contributions, as these additional contributions will earn investment income and may result in lower future contribution requirements. Employers making contributions in excess of the minimum requirements may elect to apply the excess contribution immediately to a particular division, or segregate the excess into one or more of what MERS calls “Surplus” divisions. An election in the first case would immediately reduce any unfunded accrued liability and lower the amortization payments throughout the remaining amortization period. An election to set up Surplus divisions would not immediately lower future contributions, however the assets from the Surplus division could be transferred to an unfunded division in the future to reduce the unfunded liability in future years, or to be used to pay all or a portion of the minimum required contribution in a future year. For purposes of this report, the assets in any Surplus division have been included in the municipality’s total assets, unfunded accrued liability and funded status, however, these assets are not used in calculating the minimum required contribution.

**MERS strongly encourages employers to contribute more than the minimum contribution shown above.**

Assuming that experience of the plan meets actuarial assumptions:

- To accelerate to a 100% funding ratio in 10 years, estimated monthly employer contributions for the fiscal year beginning in 2020 for the entire employer would be \$509,496, instead of \$407,270.

### **How and Why Do These Numbers Change?**

In a defined benefit plan contributions vary from one annual actuarial valuation to the next as a result of the following:

- Changes in benefit provisions (see Table 2)
- Changes in actuarial assumptions and methods (see the Appendix)
- Experience of the plan (investment experience and demographic experience); this is the difference between actual experience of the plan and the actuarial assumptions.

### **Comments on Investment Rate of Return Assumption**

A defined benefit plan is funded by employer contributions, participant contributions, and investment earnings. Investment earnings have historically provided **more than half** of the funding. The larger the share of benefits being provided from investment returns, the smaller the required contributions, and vice versa. Determining the contributions required to prefund the promised retirement benefits requires an assumption of what investment earnings are expected to add to the fund over a long period of time. This is called the **Investment Return Assumption**.

The MERS Investment Return Assumption is **7.75%** per year. This, along with all of our other actuarial assumptions, is reviewed at least every five years in an Experience Study that compares the assumptions used against actual experience and recommends adjustments if necessary. If your municipality would like to explore contributions at lower assumed investment return assumptions, please review the “what if” projection scenarios later in this report.

## Assumption Change in 2019

At the February 28, 2019 board meeting, the MERS Retirement Board adjusted key economic assumptions. These assumptions, in particular the investment return assumption, have a significant effect on a plan's required contribution and funding level. Historically low interest rates, along with high equity market valuations, have led to reductions in projected returns for most asset classes. This has resulted in a Board adopted reduction in the investment rate of return assumption to 7.35%, effective with the December 31, 2019 valuation first impacting 2021 contributions. The Board also changed the assumed rate of wage inflation from 3.75% to 3.00%, with the same effective date. This report includes a "What If" scenario of 7.35%/3.00% in order to show the potential impact of this assumption change.

## Comments on Asset Smoothing

To avoid dramatic spikes and dips in annual contribution requirements due to short term fluctuations in asset markets, MERS applies a technique called **asset smoothing**. This spreads out each year's investment gains or losses over the prior year and the following four years. This smoothing method is used to determine your actuarial value of assets (valuation assets), which is then used to determine both your funded ratio and your required contributions. The (smoothed) **actuarial rate of return for 2018 was 3.80%, while the actual market rate of return was (4.12)%**. To see historical details of the market rate of return, compared to the smoothed actuarial rate of return, refer to this report's Appendix, or view the "[How Smoothing Works](#)" video on the [Defined Benefit resource page](#) of the MERS website.

As of December 31, 2018 the actuarial value of assets is 110% of market value due to asset smoothing. This means that meeting the actuarial assumption in the next few years will require average annual market returns that exceed the 7.75% investment return assumption, or contribution requirements will continue to increase.

If the December 31, 2018 valuation results were based on market value instead of actuarial value:

- The funded percent of your entire municipality would be 48% (instead of 53%); and
- Your total employer contribution requirement for the fiscal year starting January 1, 2020 would be \$5,326,200 (instead of \$4,887,240)

## Alternate Scenarios to Estimate the Potential Volatility of Results ("What If Scenarios")

The calculations in this report are based on assumptions about long-term economic and demographic behavior. These assumptions will never materialize in a given year, except by coincidence. Therefore the results will vary from one year to the next. The volatility of the results depends upon the characteristics of the plan. For example:

- Open divisions that have substantial assets compared to their active employee payroll will have more volatile employer contribution rates due to investment return fluctuations.
- Open divisions that have substantial accrued liability compared to their active employee payroll will have more volatile employer contribution rates due to demographic experience fluctuations.
- Small divisions will have more volatile contribution patterns than larger divisions because statistical fluctuations are relatively larger among small populations.
- Shorter amortization periods result in more volatile contribution patterns.

Many assumptions are important in determining the required employer contributions. In the following table, we show the impact of varying the Investment Return assumption and the Wage Inflation assumption. Lower investment returns would result in higher required employer contributions, and vice-versa. Lower wage inflation generally results in lower required employer contributions as a dollar amount in the long run, and vice versa.

The relative impact of each economic scenario below will vary from year to year, as the participant demographics change. The impact of each scenario should be analyzed for a given year, not from year to year. The results in the table are based on the December 31, 2018 valuation, and are for the municipality in total, not by division. These results do not reflect a 5-year phase in of the impact of the new actuarial assumptions.

It is important to note that calculations in this report are mathematical estimates based upon assumptions regarding future events, which may or may not materialize. Actuarial calculations can and do vary from one valuation to the next, sometimes significantly depending on the group's size. Projections are not predictions. Future valuations will be based on actual future experience.

**The Retirement Board has adopted a change to the Investment Return Assumption from 7.75% to 7.35%, and the wage inflation from 3.75% to 3.00%. This change will be effective in the December 31, 2019 valuation which will impact the Fiscal Year 2021 contribution. The scenario shown using these assumptions as of December 31, 2018 is illustrative only. The actual impact of this change when reflected in the 2019 valuation will be different.**

<b>Total Employer Contribution<sup>2</sup></b>	<b>\$ 572,904</b>	<b>\$ 449,093</b>	<b>\$ 407,270</b>

<sup>1</sup> The Valuation Assets include assets from Surplus divisions, if any.

<sup>2</sup> If assets exceed accrued liabilities for a division, the division may have an overfunding credit to reduce the division's employer contribution requirement. If the overfunding credit is larger than the normal cost, the division's full credit is included in the municipality's amortization payment above but the division's total contribution requirement is zero. This can cause the displayed normal cost and amortization payment to not add up to the displayed total employer contribution.

## Projection Scenarios

The next two pages show projections of the plan's funded ratio and computed employer contributions under the actuarial assumptions used in the valuation and alternate economic scenarios. All three projections take into account the past investment losses that will continue to affect the actuarial rate of return in the short term.

The 7.75%/3.75% scenario provides an estimate of computed employer contributions based on current actuarial assumptions, and a projected 7.75% market return. The other two scenarios may be useful if the municipality chooses to budget more conservatively, and make contributions in addition to the minimum requirements. The 7.35%/3.00% and 5.75%/3.75% projections provide an indication of the potential required employer contribution if these assumptions were met over the long-term.

Your municipality includes one or more Surplus divisions. The assets in a Surplus division may be used to reduce future employer contributions or to accelerate the date by which the municipality becomes 100% funded. The timing and use of these Surplus assets is discretionary.

The Funded Percentage graph shows projections of funded status under the 7.75% investment return assumption, both including the Surplus assets (contributed as of the valuation date), and without the Surplus assets. The graph including the Surplus assets assumes these Surplus assets grow with interest and are not used to lower future employer contributions. We modeled the projections including the Surplus assets in this fashion because the use of these assets is discretionary by the employer and we do not know when and how the employer will use them. Once the employer uses these Surplus assets, any future employer contributions are expected to be lower than those shown in the projections.

<sup>1</sup> Represents both the interest rate for discounting liabilities and the future investment return assumption on the Market Value of assets.

<sup>2</sup> Valuation Assets do not include assets from Surplus divisions, if any.

**Notes:**

All projected funded percentages are shown with no phase-in.  
 Assumes assets from Surplus divisions will not be used to lower employer contributions during the projection period.  
 The green indicator lines have been added at 60% funded and 22 years following the valuation date for PA 202 purposes.

**Notes:**

All projected contributions are shown with no phase-in.  
 Projected employer contributions do not reflect the use of any assets from the Surplus divisions.

<sup>1</sup> The above employer contribution requirements are in addition to the employee contributions, if any.

<sup>2</sup> If employee contributions are increased/decreased by 1.00% of pay, the employer contribution requirement will decrease/increase by the Employee Contribution Conversion Factor. The conversion factor is usually under 1%, because employee contributions may be refunded at termination of employment, and not used to fund retirement pensions. Employer contributions will all be used to fund pensions.

<sup>3</sup> For divisions that are open to new hires, estimated contributions are based on projected fiscal year payroll. Actual contributions will be based on actual reported monthly pays, and will be different from the above amounts. For divisions that will have no new hires (i.e., closed divisions), invoices will be based on the above dollar amounts which are based on projected fiscal year payroll. See description of Open Divisions and Closed Divisions in the Appendix.

<sup>4</sup> Note that if the overfunding credit is larger than the normal cost, the full credit is shown above but the total contribution requirement is zero. This will cause the displayed normal cost and unfunded accrued liability contributions to not add across.

<sup>5</sup> For linked divisions, the employer will be invoiced the Computed Employer Contribution with Phase-in rate shown above for each linked division (a contribution rate for the open division; a contribution dollar for the closed-but-linked division), unless the employer elects to contribute the Blended Employer Contribution rate shown

above, by contacting MERS at 800-767-MERS (6377).

<sup>2</sup> Reserve for Employee Contributions.

<sup>3</sup> Totals may not add due to rounding.

The December 31, 2018 valuation assets (actuarial value of assets) are equal to 1.095342 times the reported market value of assets (compared to 1.011321 as of December 31, 2017). Refer to the Appendix for a description of the valuation asset derivation and a detailed calculation of valuation assets.

Assets in the Surplus division(s) are employer assets that have been reserved to be used by the employer at some point in the future to stabilize increases in contributions. These assets are not used in calculating the employer contribution for the fiscal year beginning January 1, 2020.

**Notes:**

Transfers in and out are usually related to the transfer of participants between municipalities, and to employer and employee payments for service credit purchases (if any) that the governing body has approved.

Additional employer contributions, if any, are shown separately starting in 2011. Prior to 2011, additional contributions are combined with the required employer contributions.

The investment income column reflects the recognized investment income based on Valuation Assets. It does not reflect the market value investment return in any given year.

The Valuation Asset balance includes assets from Surplus divisions, if any.

Years where historical information is not available, will be displayed with zero values.

1 For open divisions, a percent of pay contribution is shown. For closed divisions, a monthly dollar contribution is shown.

2 For each valuation year, the computed employer contribution is based on the employee rate. If the employee rate changes during the applicable fiscal year, the computed employer contribution will be adjusted.

**Note:** The contributions shown in Table 9 for the 12/31/2015 through 12/31/2019 valuations do **not** reflect the phase-in of the increased contribution requirements associated with the new actuarial assumptions. The full contribution without phase-in is shown in Table 9 above. The contribution requirements including the 5-year phase-in are shown on page 2.

See the Benefit Provision History, later in this report, for past benefit provision changes.

Years where historical information is not available, will be displayed with zero values.

1 For open divisions, a percent of pay contribution is shown. For closed divisions, a monthly dollar contribution is shown.

2 For each valuation year, the computed employer contribution is based on the employee rate. If the employee rate changes during the applicable fiscal year, the computed employer contribution will be adjusted.

**Note:** The contributions shown in Table 9 for the 12/31/2015 through 12/31/2019 valuations do **not** reflect the phase-in of the increased contribution requirements associated with the new actuarial assumptions. The full contribution without phase-in is shown in Table 9 above. The contribution requirements including the 5-year phase-in are shown on page 2.

See the Benefit Provision History, later in this report, for past benefit provision changes.

Years where historical information is not available, will be displayed with zero values.

<sup>1</sup> For each type of UAL (layer), this is the original balance as of the date the layer was established.

<sup>2</sup> According to the MERS amortization policy, each type of UAL (layer) is amortized over a specific period (see Appendix on MERS website).

<sup>3</sup> This is the remaining balance as of the valuation date, projected to the beginning of the fiscal year shown above.

**Note:**

This division adopted an alternate amortization policy as allowed by the MERS Board at the September 2016 meeting (this policy is different than the standard MERS amortization policy) based on the results of a study prepared by the actuaries.

The unfunded accrued liability (UAL) as of December 31, 2018 (see Table 6) is projected to the beginning of the fiscal year for which the contributions are being calculated. This allows the 2018 valuation to take into account the expected future contributions that are based on past valuations. Each type of UAL (layer) is amortized over the appropriate period. Please see the Appendix on the MERS website for a detailed description of the amortization policy.

Note: The original balance and original amortization periods prior to 12/31/2018 were received from the prior actuary.

<sup>1</sup> For each type of UAL (layer), this is the original balance as of the date the layer was established.

<sup>2</sup> According to the MERS amortization policy, each type of UAL (layer) is amortized over a specific period (see Appendix on MERS website).

<sup>3</sup> This is the remaining balance as of the valuation date, projected to the beginning of the fiscal year shown above.

**Note:**

This division adopted an alternate amortization policy as allowed by the MERS Board at the September 2016 meeting (this policy is different than the standard MERS amortization policy) based on the results of a study prepared by the actuaries.

The unfunded accrued liability (UAL) as of December 31, 2018 (see Table 6) is projected to the beginning of the fiscal year for which the contributions are being calculated. This allows the 2018 valuation to take into account the expected future contributions that are based on past valuations. Each type of UAL (layer) is amortized over the appropriate period. Please see the Appendix on the MERS website for a detailed description of the amortization policy.

Note: The original balance and original amortization periods prior to 12/31/2018 were received from the prior actuary.

## GASB 68 Information

The following information has been prepared to provide some of the information necessary to complete GASB Statement No. 68 disclosures. Statement 68 is effective for fiscal years beginning after June 15, 2014. Additional resources, including an Implementation Guide, are available at <http://www.mersofmich.com/>.

Actuarial Valuation Date:	12/31/2018
Measurement Date of the Total Pension Liability (TPL):	12/31/2018
At 12/31/2018, the following employees were covered by the benefit terms:	
Inactive employees or beneficiaries currently receiving benefits:	298
Inactive employees entitled to but not yet receiving benefits (including refunds):	43
Active employees:	<u>54</u>
	395
Total Pension Liability as of 12/31/2017 measurement date:	\$ 94,600,146
Total Pension Liability as of 12/31/2018 measurement date:	\$ 94,600,786
Service Cost for the year ending on the 12/31/2018 measurement date:	\$ 328,897
Change in the Total Pension Liability due to:	
- Benefit changes <sup>1</sup> :	\$ (97,882)
- Differences between expected and actual experience <sup>2</sup> :	\$ (322,401)
- Changes in assumptions <sup>2</sup> :	\$ 0

<sup>1</sup> A change in liability due to benefit changes is immediately recognized when calculating pension expense for the year.

<sup>2</sup> Changes in liability due to differences between actual and expected experience, and changes in assumptions, are recognized in pension expense over the average remaining service lives of all employees.

Average expected remaining service lives of all employees (active and inactive):	1
Covered employee payroll: (Needed for Required Supplementary Information)	\$ 2,919,119

Sensitivity of the Net Pension Liability to changes in the discount rate:

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
Change in Net Pension Liability as of 12/31/2018:	\$ 9,367,729	\$ -	\$ (7,996,224)

Note: The current discount rate shown for GASB 68 purposes is higher than the MERS assumed rate of return. This is because for GASB 68 purposes, the discount rate must be gross of administrative expenses, whereas for funding purposes it is net of administrative expenses.

Certain retired members receive a portion of their benefit from the MERS Qualified Excess Benefit Arrangement (QEBA). Please refer to the QEBA letter for additional detail related to the QEBA liability.

## GASB 68 Information

This page is for those municipalities who need to “roll-forward” their total pension liability due to the timing of completion of the actuarial valuation in relation to their fiscal year-end.

The following information has been prepared to provide some of the information necessary to complete GASB Statement No. 68 disclosures. Statement 68 is effective for fiscal years beginning after June 15, 2014. Additional resources, including an Implementation Guide, are available at [www.mersofmich.com](http://www.mersofmich.com).

## Risk Commentary

Determination of the accrued liability, the employer contribution, and the funded ratio requires the use of assumptions regarding future economic and demographic experience. Risk measures, as illustrated in this report, are intended to aid in the understanding of the effects of future experience differing from the assumptions used in the course of the actuarial valuation. Risk measures may also help with illustrating the potential volatility in the accrued liability, the actuarially determined contribution and the funded ratio that result from the differences between actual experience and the actuarial assumptions.

Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions due to changing conditions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period, or additional cost or contribution requirements based on the Plan's funded status); and changes in plan provisions or applicable law. The scope of an actuarial valuation does not include an analysis of the potential range of such future measurements.

Examples of risk that may reasonably be anticipated to significantly affect the plan's future financial condition include:

- **Investment Risk** – actual investment returns may differ from the expected returns;
- **Asset/Liability Mismatch** – changes in asset values may not match changes in liabilities, thereby altering the gap between the accrued liability and assets and consequently altering the funded status and contribution requirements;
- **Salary and Payroll Risk** – actual salaries and total payroll may differ from expected, resulting in actual future accrued liability and contributions differing from expected;
- **Longevity Risk** – members may live longer or shorter than expected and receive pensions for a period of time other than assumed; and
- **Other Demographic Risks** – members may terminate, retire or become disabled at times or with benefits other than assumed resulting in actual future accrued liability and contributions differing from expected.

The effects of certain trends in experience can generally be anticipated. For example, if the investment return since the most recent actuarial valuation is less (or more) than the assumed rate, the cost of the plan can be expected to increase (or decrease). Likewise if longevity is improving (or worsening), increases (or decreases) in cost can be anticipated.

## PLAN MATURITY MEASURES

Risks facing a pension plan evolve over time. A young plan with virtually no investments and paying few benefits may experience little investment risk. An older plan with a large number of members in pay status and a significant trust may be much more exposed to investment risk. Generally accepted plan maturity measures include the following:

1. Ratio of the market value of assets to total payroll	15.9
2. Ratio of actuarial accrued liability to payroll	33.2
3. Ratio of actives to retirees and beneficiaries	0.2
4. Ratio of market value of assets to benefit payments	6.4
5. Ratio of net cash flow to market value of assets (boy)	-2.5%

### RATIO OF MARKET VALUE OF ASSETS TO TOTAL PAYROLL

The relationship between assets and payroll is a useful indicator of the potential volatility of contributions. For example, if the market value of assets is 2.0 times the payroll, a return on assets 5% different than assumed would equal 10% of payroll. A higher (lower) or increasing (decreasing) level of this maturity measure generally indicates a higher (lower) or increasing (decreasing) volatility in plan sponsor contributions as a percentage of payroll.

### RATIO OF ACTUARIAL ACCRUED LIABILITY TO PAYROLL

The relationship between actuarial accrued liability and payroll is a useful indicator of the potential volatility of contributions for a fully funded plan. A funding policy that targets a funded ratio of 100% is expected to result in the ratio of assets to payroll and the ratio of liability to payroll converging over time.

### RATIO OF ACTIVES TO RETIREES AND BENEFICIARIES

A young plan with many active members and few retirees will have a high ratio of active to retirees. A mature open plan may have close to the same number of actives to retirees resulting in a ratio near 1.0. A super-mature or closed plan may have significantly more retirees than actives resulting in a ratio below 1.0.

### RATIO OF MARKET VALUE OF ASSETS TO BENEFIT PAYMENTS

The MERS' Actuarial Policy requires a total minimum contribution equal to the excess (if any) of three times the expected annual benefit payments over the projected market value of assets as of the participating municipality or court's Fiscal Year for which the contribution applies. The ratio of market value of assets to benefit payments as of the valuation date provides an indication of whether the division is at risk for triggering the minimum contribution rule in the near term. If the division triggers this minimum contribution rule, the required employer contributions could increase dramatically relative to previous valuations.

### RATIO OF NET CASH FLOW TO MARKET VALUE OF ASSETS

A positive net cash flow means contributions exceed benefits and expenses. A negative cash flow means existing funds are being used to make payments. A certain amount of negative net cash flow is generally expected to occur when benefits are prefunded through a qualified trust. Large negative net cash flows as a percent of assets may indicate a super-mature plan or a need for additional contributions.

**Re: Grand Traverse Co (2803) – December 31, 2018 Annual Actuarial Valuation QEBA Letter**

The Municipal Employees' Retirement System of Michigan (MERS) administers several employee benefit plans for the benefit of its participating municipalities and their members. This includes both a Qualified Plan designed to provide defined benefits subject to the limits of Section 415 of the Internal Revenue Code, and a Qualified Excess Benefit Arrangement (QEBA), designed to pay participants amounts in excess of the Section 415 limits.

MERS provides their member municipalities with annual actuarial valuation reports. The annual actuarial valuations provide information on the contributions and liabilities associated with funding the Qualified Plan, as well as the accounting liabilities required to be disclosed under the Governmental Accounting Standards Board (GASB) Statement No. 68. An annual actuarial report was prepared with a valuation date of December 31, 2018. All the liabilities presented in the December 31, 2018 annual report were subject to the limits of Section 415, and as such, did not include QEBA liability.

As a result, we have prepared this letter in order to disclose certain information about the liabilities associated with the retired member(s) who are receiving benefit payments from the QEBA as of December 31, 2018.

Based on our understanding of the administrative procedures and using the same assumptions that were used to value the GASB liabilities in the annual valuation report, we estimate the QEBA liability for the affected retirees to be \$1,629 as of December 31, 2018. We also estimate that QEBA benefits will be payable through 2023 for the impacted retirees.

Additional information can be found in the December 31, 2018 annual actuarial valuation report.

ANNUAL REPORT

[NETWORKSNORTHWEST.ORG](http://NETWORKSNORTHWEST.ORG)

# To Partners, Stakeholders, and to all of **Northwest Michigan,**

*This region continues to grow, change, and thrive.*

This last year saw many of our communities experiencing both the benefits and challenges of strong economic growth, low unemployment and increased regional tourism. On the one hand, many of our citizens are benefiting from improved employment options and higher wages. On the other hand, regional employers are feeling a tight labor market that can

limit potential growth and success. Communities are facing shortages of both quality childcare options and housing options that fit a range of income levels. And not all communities in our region are experiencing the same level of prosperity as their neighbors.

Networks Northwest was proud in 2018 to be an important partner in helping our working people, businesses and communities to achieve breakthroughs in the face of these challenges and opportunities. We helped job seekers find jobs and work-related skills. We helped businesses plan for growth, address workforce needs and reach new markets. We worked with

local community leaders to improve economic conditions. In all of this we remained committed to being truly 'demand driven' – to respond to the specific and changing needs of our region to deliver the most needed services.

Our mission is to build stronger communities and enhance

the quality of life in the 10 counties of Northwest Michigan. We could not do this work without close partnership with the people of this region. They inspire us every day to work harder and more creatively.

In the pages of this report you will learn about the measurable impact we have achieved with our programs and initiatives. You will also read some short stories about the people and organizations we have worked with. We are proud of the successes we have achieved with our clients and we are looking forward with confidence to the remainder of 2019.

On behalf of the board and staff of Networks Northwest, we want to thank you deeply for everything you do to help our region succeed. We look forward to working with you in the months and years ahead to meet our challenges together and thrive.

Sincerely,

### Meet Brandon Corbin

Brandon Corbin is a U.S. Army Veteran who was first introduced to Northwest Michigan Works! during our Veterans ID Day held in the fall of 2018. Brandon is a college student that stepped forward to volunteer to assist other veterans with registering for their Veteran's identification card.

Brandon is currently working with our Traverse City based job seeker team as a U.S. Department of Veterans Affairs work-study program participant. Brandon's duties include facilitating a weekly orientation for veteran job seekers as well as conducting numerous veteran-friendly outreach activities.

Brandon will continue his work serving veterans as he interns with Northwest Michigan Works! during the final year of his college education. As a Northwestern Michigan College and Ferris State University student, Brandon will graduate in 2019 with a Bachelors Degree in Social Work and be the first in his family to earn a college degree.

"I have been working at Northwest Michigan Works! since the fall semester of 2018 with the goal of giving back by helping fellow

veterans any way I can." said Brandon. "Here at the Traverse City Michigan Works!, there is a veteran team composed of three veterans and it is continuing to grow. I am excited to have management's overwhelming support and commitment to our veterans, and I am extremely eager to expand our veteran programs as far as we can. The entire staff here at Michigan Works! is a committed team and has an immense, well-rounded wealth of knowledge."

*"I truly admire how much support and free rein we, as a team, have to contribute to and to help the veteran community."*

### Meet David Constantine

When David Constantine began coming to Northwest Michigan Works! in Manistee, he had been working a series of seasonal jobs and wanted to move into a career as a Licensed Medical Assistant.

David received services through the Workforce Innovation and Opportunity Act's Dislocated Worker funded training program. David is in the Medical Assistant program through Bay de Noc College and says he's excited about developing a career as a Licensed Medical Assistant.

"Michigan Works! provided me with a path and direction to follow," said Constantine. "I followed it and found my future."

*The staff at Michigan Works! assisted David with a skills inventory, an interest assessment, and initializing his career pathway. They also worked with him on career research, goal setting, and résumé development.*

## Success Story

### Meet Katelyn Stuckey

Katelyn Stuckey received an Impact Award from the Michigan Works! Association.

For as long as Katelyn Stuckey can remember, she has always wanted to follow in her grandmother's footsteps and become a nurse. That dream came to an abrupt halt when three months before high school graduation, Katelyn's best friend committed suicide. A life-changing and devastating event to Katelyn, she quit school and lost all hope of achieving her dream.

After three years, Katelyn's dream once again came into focus when she was introduced to the Adult Career Training (ACT) program. Northwest Michigan Works! partnered with the Wexford-Missaukee Career Technical Center, Northwest Michigan Adult Education, Jobs for Michigan's Graduates, and local employers to offer the program. ACT is a free, 18-week program where students learn skills specific to their chosen career path while working to complete their high school credential.

"I took the Certified Nursing Assistant (CNA) program head on!" said Katelyn. "It was a big step in the right direction for my nursing career. I fell in love with the whole team and everything they were doing to make everyone in the program successful."

In addition to the CNA training, Katelyn enrolled at the Adult Education Learning Lab to work on completing her high school diploma. She also enrolled in the Jobs for Michigan's Graduates program which provided career counseling, résumé assistance, and mock interviews.

"Katelyn consistently put in the most hours toward her education with the most dedication toward achieving her goals," said Ryan Bruntjens, Adult Education Navigator. "During the career training, she was extremely engaged and wanted to make sure she was doing everything the best she could."

After completing the ACT program, Katelyn was employed as a CNA with a local healthcare provider. Despite a busy work schedule, she is still working on her high school diploma and once again dreams of following in her grandmother's footsteps as a nurse.

"I thought I was going to be a server for the rest of my life," said Stuckey. "It's opening a whole new world for me. You guys for sure made a big turnaround for me and I'm forever grateful."

## Apprenticeships Skills for In-Demand Jobs

### Northwest Michigan Works! Sponsored Apprenticeships:

- Account Technician
- Office Manager
- Beekeeper
- Roofer
- Carpenter
- Winemaker Production Technician
- Mechatronics
- Nursing Assistant

In May of 2018, the first two winemaker apprentices in the nation completed their Department of Labor Northwest Michigan Works! registered apprenticeship program and received their national credential.

In partnership with The Michigan Educators Apprenticeship and Training Association, Northwest Michigan Works! participated in the first statewide Apprenticeship In A Day event.

Serving as an apprenticeship intermediary, Northwest Michigan Works! ensured eight employers, representing five unique industries, collectively registered 12 apprentices in nine distinct occupations.

## Business Resource Networks Employee Retention Program

In November 2018, in partnership with the Char-Em United Way, Northwest Michigan Works! launched the region's first Business Resource Network (BRN) serving employers in Charlevoix and Emmet counties. The Business Resource Network Success Coach provides job retention services to the employees of participating companies. The Business Resource Network's six participating employers are experiencing an average return on investment of 700%.

# Northwest Michigan Works! Career Navigators

In close partnership with our region’s four intermediate school districts, Career Navigators employed by Northwest Michigan Works! provided training, guidance, and classroom activities in support of the Educational Development Plans (EDP) required for K-12 students in our ten county area.

Beginning in elementary and continuing through high school, the EDP program creates an adaptive continuum of career awareness and exploration that culminates in students discovering successful in-demand career paths. Success is achieved by bringing together the collaborative efforts of workforce development specialists, educators and employers.

*Over 75 businesses and community partners connected through career fairs, speaking events, and mentorship opportunities.*

## 2018 Highlights

- 775 students in 17 schools received Educational Development Plan lessons.
- Over 2,900 K-12 students participated in 14 career events at 18 different schools.
- 250 high school seniors from four rural schools attended a first-of-its-kind career awareness and education fair.
- Coordinated career education for a local school district’s entire K-12 student population; reached over 475 students.
- Responded to feedback from educators, employers and students; added 12 additional career exploration lessons to existing EDP curriculum.

## Talent Development

# Adult Education

Total instructional hours provided: **27,039**

### Instructional Services

80% of all instructional hours provided by Northwest Michigan Adult Education served students seeking either High School Equivalency (HSE) completion or High School Diploma Completion (HSC). The remaining 20% of instructional hours were provided to students enrolled in Adult Basic Education (ABE), Adult Secondary Education (ASE) or English as a Second Language (ESL).

### ACT CTC Pilot (Adult Career Training)

The Wexford-Missaukee CTC was one of five State of Michigan Adult Education pilots funded to CTCs in the 2017–18 school year. The purpose of the pilot was to provide adult education students with skills training in jobs available in the region. The 18-week training program included the Career Pathways in Manufacturing, Healthcare, and Hospitality. Northwest Michigan Works! partnered with the program and provided soft skills and résumé writing training, as well as mock interviews practice. 18 participants were served in the pilot. All 18 are employed, with 15 of these in jobs where they received CTC training.

### Blended Learning Options at Northwest Michigan Learning Labs

Adult Education students now have the option to complete part of their education outside of the learning lab. With over 80% of our student population employed at the time of registration, this has proven to be a great option for students. Data shows that 70% of the students enrolled used distance learning options sometime during their enrollment.

### Satellite Sites

In an effort to reach more students, services are now being offered once a month in various new communities of our region. Our adult education program is partnering with local libraries in Interlochen, Thompsonville, Lake City, Mancelona, Kaleva, and Boyne City to deliver these services.

**81** *Adult Education Students graduated with a high school diploma or GED*

*Career Pathways included in the 18-week training program included Manufacturing, Healthcare, and Hospitality.*

# Offender Success Program

## Serving Individuals Paroled from State Prison

The Offender Success Program works with parolees formerly incarcerated in Michigan’s prison system. The program supports and connects participants to the resources and tools needed as they transition back to their home communities with the ultimate goal of becoming productive, self-sufficient citizens.

Offender Success participants receive assistance with basic needs such as obtaining identification documents, clothing, and transportation. The Offender Success program partners with area providers to ensure participants are connected to behavioral health and transition services.

### Residential Stability

- 151 individuals that would otherwise be homeless received assistance with finding and securing a place to stay.
- 33% of the program budget was spent on providing residential stability services.

### Job Placement

- 83 individuals were enrolled in job placement services and received employability skills training, job counseling, paid temporary work experience or on-the-job training.
- Average wage for Offender Success participants in unsubsidized employment statewide was \$11.03 per hour. In Northwest Michigan, the average wage was \$11.68 per hour.

After more than 10 years in prison, Gary was released in the fall of 2017 and returned back to his home community in Northwest Michigan. His parole agent referred Gary to the Offender Success program where he received assistance with obtaining his state identification and was enrolled in job placement services.

The Offender Success Job Developer worked one-on-one with Gary by providing job counseling, career preparation services, and advocacy with employers.

***As an employer incentive, Offender Success offered to assist with Gary's wage with Shoreline Fruit for one month. As a result, Gary started as a production worker making \$10.75 an hour.***

Offender Success continued to provide job retention services throughout this period.

Gary has now been with the company for over one year and is earning \$15.00 an hour. Gary is looking forward to continuing his employment at Shoreline Fruit and being successfully discharged from parole in 2019.

The company's Controller, Michelle Harrington, says when she first heard about the Skilled Trades Training Fund (STTF) from a Northwest Michigan Works! Business Liaison she wasn't sure if the program could help the company.

"When I took the time to meet with the team and walk through our facility and for them to give us those ideas, it came to light, there were so many opportunities that we could apply for," said Harrington.

Northwest Michigan Works! assisted Northern Michigan Review with the STTF application process and the company received \$7,650 to use for Lean Training Improvements. Harrington says they initially selected five key employees to participate in the training and they're sharing what they've learned with other employees.

"We have expanded the knowledge of just those five people into half of the organization already," said Harrington. "We'd like to touch the rest of the employees with this information in 2019 and that's our plan."

Harrington says the training funded by the STTF grant is already making a difference at Northern Michigan Review.

"The training that we've provided has saved us time in overtime," said Harrington. "It has saved us time in how many times we touch the product every day. And that has in turn increased morale."

## Skilled Trades Training Fund Company Testimonials

"We greatly appreciate the financial assistance provided by Michigan Works!. This allowed us to not only provide the training sooner than may have been possible without the funding, but also to train more employees."

"The Skilled Trade grant dollars will help us develop our apprentice program with more financial flexibility. The apprentice program has helped us train a person to take over winemaking responsibilities at Mawby. I will be able to focus on other aspects of the business and work with the team of trained individuals with the goal always to improve our products."

"The Horticultural Technician Training through the STTF grant was very helpful and the information I learned can be applied toward more business development opportunities with the private sector."

"The employees at Shoreline Fruit appreciated the opportunity to participate in the Lean Practitioner Group. Thanks to the STTF grant, six Shoreline Fruit employees participated in the training."

### Meet Inhabitect LLC

Nate Griswold first began working with the Michigan Small Business Development Center (MI-SBDC) in early 2013 when he was just getting serious about making the official leap of leaving a steady career with a comfortable salary to starting his own business, Inhabitect LLC, in Traverse City. He had the know-how and expertise but he was new to the concept of being an entrepreneur. Nate has received more than 160 hours of business consultation, support, and training in the past six years. “We love clients like Nate,” said the SBDC Regional Director. “It’s exciting to see new entrepreneurs who are very good at something turn their dreams of owning their own business into a successful and (in Nate’s case) well-known and respected brand throughout the region and state!”

Inhabitect is a full-service firm devoted to designing, building, and growing all forms of living architecture from green roofs to ground-level landscaping. Over the years, Nate has grown Inhabitect’s comprehensive services to encompass all aspects of every stage of the process — initial planning, project design and budgeting, materials and plant selection, procurement and installation, as well as establishment and maintenance. In true form, Nate is planning for continuous success.

“We are in the process of building a headquarters in Leelanau County,” said Griswold. “SBDC played a vital role during the financing process for this building. We could have not received the loans that we did without the assistance of these business growth services. The SBDC team helped us organize and prioritize our business books and we were able to show clear history and earning potential. We thank all members of the SBDC business growth team. Inhabitect has been working with this team since we started in 2013 and this has been a tremendous asset to our company. 2018 is shaping up to be our biggest year yet! We have doubled our sales from 2017 and hope to break the \$1 million dollar mark in the 2019 calendar year. We look forward to continuing to grow the “green collar” workforce in

the State of Michigan and hope to continue working with SBDC as we move towards our dreams. There are many challenges when it comes to starting a specialized construction business — the main challenge is staffing. This burden is reduced when I have the ear of SBDC.”

## Northwest Michigan Global Trade Alliance

Networks Northwest completed their first year of a five year contract as the Regional Export Network (REN) host for all of Northern Lower and the Upper Peninsula.

Operating under the auspices of the Global Trade Alliance, we help to promote the international trade services of the MEDC and to connect area businesses to various local resource providers who provide exporting assistance.

In 2018, GTA organized five trainings and workshops in both the Lower and Upper Peninsula geared toward helping companies that are new to exporting and preparing businesses for international trade shows.

Global Trade Alliance also increased collaboration and information sharing among partners and resource providers in the region: Michigan Economic Development

Corporation, Grand Traverse Area Manufacturing Council, International Affairs Forum, Northern Initiatives, Northern Michigan Chamber Alliance, Procurement Technical Assistance Center, Small Business Development Center, and Michigan Works! Business Services.

Through our close partnership with our regional MEDC International Trade Manager, our region's businesses were able to connect to additional resources and grant funding to support their exporting activities.

### Meet Northern Wings

Dave Goudreau started Northern Wings in 2001 as an aircraft wheel and brake repair shop in a pole barn in Engadine, Michigan. Over the years, the business has evolved and is now an aerospace and military support system based in a custom built facility in Newberry.

“We take it from top to bottom,” said Goudreau. “We can assist you in any measure of maintenance, repair, supply chain, etcetera. We’ll import/export, we’ll manage your repairs, we’ll manufacture parts. We deliver them on time, on target, regardless of where you are in the world.”

Goudreau says starting and growing Northern Wings would have been “virtually impossible” without the assistance of the Procurement Technical Assistance Center (PTAC). His first connection to the PTAC was through a series of seminars when he was starting the business. Since then, Northern Wings has received technical assistance from the PTAC and has been involved with government contract training on a variety of topics including cybersecurity and ITAR.

“I don’t know that there are very many employees here who haven’t been touched by some level of PTAC training and/or orientation,” said Goudreau. “I always relate it to learning a different language and a different culture. There’s only one way to do it and that’s go to the PTAC and learn how to speak their language.”

The success they’ve had as a business and their work with the PTAC has earned Northern Wings recognition as Michigan’s Government Contractor of the Year.

“It means a lot, and it’s primarily for the employees,” said Goudreau. “It kind of shows that, as we call it, we’re the anomaly in the wilderness, and that we can succeed.”

# COMMUNITY DEVELOPMENT

Northern Michigan communities and their leaders are facing a multitude of new challenges — from housing and childcare shortages to changing economic conditions and strained infrastructure. The Networks Northwest Community Development team helps local leaders understand these challenges and develop plans and approaches to deal with them. We listen to what leaders, taxpayers, and community members want, and we support them in taking first and best next steps.

As you read the following pages, we hope you gain an appreciation for the resourcefulness and tremendous leadership of our Northern Michigan communities. We are so proud to work with them!

### Meet the Village of Elk Rapids

Elk Rapids Assistant Village Manager Caroline Kennedy has been in her role for three years. One challenge of local community leaders is delivering high service levels to citizens while maintaining a limited budget.

"A partnership with Networks Northwest allows our small community to do all kinds of things for which we don't have staff. We are experiencing a high retirement rate among our department heads. Networks Northwest has helped us identify and define the roles and responsibilities of new hires while directly providing planning services so we can take our time finding the best people. They also identified an independent provider of zoning services for us. Networks Northwest provided our 5-year Community Recreation Plan and led our Village Council in strategic planning, resulting in 2019-20 goals and objectives in seven key areas—helping to identify how the community wants to develop. Current plans get us all on the

same page and positions us to win state and federal grants for infrastructure projects to improve Elk Rapids. The Networks Northwest Community Development team does professional, experienced work at rates well below what we would pay for outside consultants. They are respected experts at what they do with no agenda other than to help our community succeed. Working with Networks Northwest lets me provide better service to taxpayers and the Village Council. I value this partnership!"

# Community Development Transportation Planning

Networks Northwest collaborates on an annual basis with the Michigan Department of Transportation and local road commissions to visually evaluate the condition of roads using the PASER (Pavement Surface Evaluation and Rating) system. Specific evaluation criteria for concrete, seal coat, asphalt, composite, brick, and gravel roads which are scored on a 1-10 linear scale. The scoring of roads helps with tracking road conditions, measuring the effectiveness of past improvements, and deciding what improvements are needed where and when. In 2018, over 2,900 miles of local roads were inventoried.

Over the past five years, the condition of the ten county's primary road systems as rated either good, fair, and poor conditions have remained about the same. The same cannot be said for the federal aid roads and the streets in the four small urban areas of Cadillac, Manistee, Petoskey, and Traverse City. For the federal aid roads, the number of roads in the poor category increased by nine percentage points for 2018, and overall 51% of the roads in the small urban category are considered to be in poor condition.

## Local Technical Assistance

Networks Northwest has been providing facilitation support for the Housing Solutions Network (HSN) for many years. The HSN is an informal network made up of representatives from nonprofit housing organizations, funders, lending institutions, real estate, local government, and other housing stakeholders that have collectively worked to provide educational resources and build awareness of housing issues.

For the past several years, the group has focused on convening partners at an annual Housing Summit, and on building

regional capacity for housing solutions through the creation of an independent regional organization. In 2018, funding was provided by Rotary Charities of Traverse City and the Frey Foundation to create a new nonprofit that would implement solutions related to advocacy, communication, and technical support for developers and communities. That new entity is Housing North, and the HSN can celebrate an important success: raising and leveraging resources to address the region’s housing issues from an innovative, systems-oriented approach in a way that builds institutional and organizational capacity.

Going forward, Networks Northwest will continue to support housing by updating the ten-county Housing Target Market Analysis report that has helped bring municipalities and developers together in the name of housing. Networks Northwest will continue to sponsor and organize the successful annual Housing Summit by assisting local governments and their efforts to provide for a sustainable and diverse inventory of housing types.

### Fee-for-Service Activities

Agenda Item Title:	Letter to GT Band requesting to open discussions about 2% disbursements		
Estimated Time:	15 <small>(in minutes)</small>	Laptop Presentation:	<input type="radio"/> Yes <input checked="" type="radio"/> No

**Summary of Request:**

During a meeting on June 18, 2019 with the Grand Traverse Band Chairman, Tribal Manager, and Board member we asked the Grand Traverse Band if they would be willing to discuss a change in the way 2% funds are disbursed in Grand Traverse County. The Chairman said they would be willing to discuss the concept further but also said that the Grand Traverse Band is very comfortable with the way the 2% funds are disbursed and have little interest in changing.

We had a follow up conversation with the Grand Traverse Band Legal Counsel and his request was that the County submit a letter to the Grand Traverse Band asking to engage in discussions to address the way 2% funds are disbursed.

We are seeking approval from the Board of Commissioners to submit a letter to the Grand Traverse Band requesting to open discussions on the way in which 2% funds are disbursed.

**Suggested Motion:**

Move to direct staff to send a letter to the Grand Traverse Band requesting to enter into discussions about the way 2% funds are distributed.

To the Board of County Commissioners  
Grand Traverse County, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Grand Traverse County, Michigan (the County) for the year ended December 31, 2018. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated February 4, 2019. Professional standards also require that we communicate to you the following information related to our audit.

### Significant Audit Results

#### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the County are described in Note 1 to the financial statements. The Pavilions adopted Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pensions*, in 2018. The County adopted GASB Statement Number 87, *Leases*, in 2018. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

The useful lives of capital assets, the allowance for uncollectible accounts receivable and the valuation of pension and other post-employment benefit plan obligations.

Management's estimate of the useful lives and uncollectible accounts is based on historical results and future expectations and the estimate of pension and other post-employment benefit plan obligations are based on an actuarial valuation of each of the plans. We evaluated the key factors and assumptions used to develop the estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

#### *Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. We have proposed and management has posted material adjustments necessary to account for PACE North separately from the Pavilions and the Pavilions Foundation. 2018 is the first year of the County reporting the Pavilions Foundation and Pace North as discretely presented component units of the County. The material misstatements detected as a result of audit procedures and corrected by management were related to the discretely presented component unit reports (legally separate entities for which the County is financial accountable).

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated June 28, 2019.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

We also noted the following items:

#### **PACE North**

PACE North is a newer organization accounted for using the Pavilions and Pavilions Foundation accounting systems. With the significant of this operation expected to substantially expand during 2019 we suggest that PACE North establish an accounting system and a system internal control to formally account for the Pace North operation.

### Other Matters

We applied certain limited procedures to the required supplementary information (RSI), as itemized in the table of contents, that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on supplementary information, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the transmittal letter or statistical section, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

### Restriction on Use

This information is intended solely for the information and use of Board of Commissioners and management of the County and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

*Wendell Hoefner LLC*

Grand Traverse County Board of Commissioners and  
Citizens of Grand Traverse County, Michigan:

The Comprehensive Annual Financial Report (CAFR) of Grand Traverse County, Michigan, for the calendar year ended December 31, 2018, is hereby submitted. In accordance with State Law, re: Public Act 34 of 2001, the revised Municipal Finance Act, Section 141.2303 (1) requires each municipality within the state of Michigan to file an audit report annually with the Michigan Department of Treasury within 6 months from the end of its fiscal year or as otherwise provided in the Uniform Budgeting and Accounting Act, 1968 PA 2, MCL 141.421 to 141.440a. This report was prepared by the Grand Traverse County Finance Department. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the County. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds of the government based upon a comprehensive framework of internal control that has been established for this purpose. Since the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute assurance that the financial statements are free of any material misstatements.

Michigan law requires an annual audit of the County's financial statements. The Grand Traverse County Board of Commissioners has engaged Vredeveld Haefner LLC, Independent Auditors, for this purpose. The independent auditors' unmodified ("clean") opinion has been included at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

### **ORGANIZATIONAL STRUCTURE**

County government is the largest unit of local government in Michigan and is also the oldest political subdivision of the state, having attained stature and importance before any other form of government now in existence.

Grand Traverse County, Michigan, incorporated in 1851, is located approximately 250 miles north of Detroit, in the northwestern section of Michigan's Lower Peninsula. It currently occupies 485 square miles and serves an estimated population of 92,573. In terms of population, this ranks Grand Traverse County as the 22nd largest of 83 counties in the State of Michigan. Grand Traverse County is empowered to levy a property tax on real, personal and industrial property located within its boundaries.

The Board of Commissioners exercises the legislative power of the County and determines all matters of policy. The Board of Commissioners is comprised of seven commissioners who are elected from their respective districts. Each commissioner serves a term of two years. The county administrator is the

appointed head of the administrative branch of the county government. The judicial branch of government consists of two Circuit Court judges, two District Court judges, and one Probate Court judge. All judges are elected at large for a six-year term. The Circuit and District Court judges are elected on two-year, staggered terms. The Offices of Prosecuting Attorney, Sheriff, Clerk, Treasurer, Register of Deeds, and Drain Commissioner are elected at large and serve for a four-year term.

Grand Traverse County provides a wide range of services, including public safety, health and welfare services, community and economic development, and recreational and cultural activities. Certain financing and oversight services on the construction of Grand Traverse County public buildings are provided through a component unit, a legally separate building authority, which functions, in essence, as a department of Grand Traverse County, and therefore has been included as an integral part of Grand Traverse County's financial statements. Grand Traverse County is also financially accountable for services provided by other legally separate component units of Grand Traverse County. These services include the construction and maintenance of the county's system of roads and bridges by the Grand Traverse County Road Commission, and water supply and wastewater disposal services provided by the Grand Traverse County Department of Public Works. In addition, the Grand Traverse County Drain Commissioner provides for the construction and maintenance of drainage districts throughout Grand Traverse County. The Grand Traverse County Brownfield Redevelopment Authority promotes the revitalization of environmentally distressed areas/sites. The Grand Traverse County Land Bank Authority works to provide affordable housing and economic development opportunities from foreclosed properties. The Pavilions Foundation provides a fund raising vehicle that supports the Pavilions medical care facility and PACE North provides all-inclusive care for the elderly. These component units are reported separately within Grand Traverse County's financial statements, and additional information on them can be found in the notes to the financial statements.

Grand Traverse County prepares, adopts and maintains budgetary controls on an annual basis. Governmental fund types of Grand Traverse County are under formal budgetary control. Activities of the General fund, Special Revenue funds and Debt Service funds are included in the annual appropriated budget. The level of budgetary control, that is, the level at which expenditures cannot legally exceed the appropriated amount, is established at the activity level. Capital Project funds are budgeted by project. Enterprise funds and Internal Service funds, which are Proprietary funds, are also subject to budgetary controls and are budgeted at the activity level as well. The County's procedures in establishing its annual budget are as follows:

Beginning in the summer of each year, budget forms are provided to all County elected officials and department heads, outlining the procedures for requesting appropriations for the subsequent budget year. In the fall of each year, the County Administrator and Finance Director may hold budget hearings with all elected officials and department heads to obtain additional information regarding budget requests.

In October, preceding the beginning of the next fiscal year, and in conformance with Act 2, PA 1968, as amended by Public Act 621 of 1978, (the Uniform Budgeting and Accounting Act), the Finance department prepares, and the County Administrator submits, a proposed operating budget for review and adoption by the County Board of Commissioners.

Subsequent to the County Administrator submitting the proposed budget to the Board of Commissioners, a public hearing is conducted to obtain taxpayer comments. The Board of Commissioners then makes any amendments to the budget it deems necessary and adopts the same by formal resolution prior to December 31.

The Board of Commissioners is authorized to make adjustments to the various budgets as deemed necessary. Elected officials and department heads are authorized to amend budgets under their control subject to the provisions of the County's budget resolutions as amended.

## **ECONOMIC CONDITION AND OUTLOOK**

### ***Population Trends***

In 2018, the estimated population of Grand Traverse County was 92,573 according to the U.S. Census. This is an increase of 6.4% from the 2010 U.S. Census population count of 86,986. Grand Traverse County is the 22nd most populated county in Michigan and was third fastest growing county in the state in 2016.

The 2017 median age in Grand Traverse County is 42.8 years, compared to 39.6 years for Michigan overall. In 2017, 17.8% of the population of the County was 65 years old and over which is higher than the 15.9% for Michigan overall. In comparison, only 13.1% of the County population in 2000 was 65 years old and over. This trend of an aging population is expected to continue for the region.

### ***Labor Market***

In 2018, the annual average workforce in Grand Traverse County was 45,390 employees, representing two-thirds of the total regional employment. Annual average unemployment for the County in 2018 was 3.5%, down from 3.6% in 2017. Health care and social assistance is the largest employment industry in the county. Over the next 30 years, Grand Traverse County is forecasted to experience employment growth more than 150% higher than the state average. Median household income in the County is \$58,229, the 14th highest county in Michigan.

### ***Property Values and Home Sales***

There are 55,446 parcels of property in the County for the 2019 Assessment year, an increase of .57% from 2018. The County Equalized Value (CEV) for Grand Traverse County for 2019 is \$6,838,320,468, an increase of 8.12% from 2018, which was \$6,324,678,828. Taxable value increased overall 5.13% countywide from 2018 to 2019.

Total listings of home sales in Grand Traverse County in 2018 by real estate agents were 2,439, up from 2,293 in 2017. The average sales price in 2018 was \$288,147, up from \$279,083 in 2017. In comparison, the average price for sales in Michigan in 2018 was \$167,865, an increase from \$155,250 in 2017.

### ***Education***

On a whole, Grand Traverse County residents tend to have a higher than average education compared to the remainder of Michigan. The County is ranked sixth in the state with 95% of the population having a high school diploma or more and ranked tenth in the state with 34% of the population having a bachelor's degree or more.

The two primary public school districts in Grand Traverse County are the Traverse City Area Public Schools and the Kingsley Area Schools. Traverse City Area Public Schools includes 16 schools. The district has a current enrollment of nearly 10,000 students spread over 300 square miles across three counties. Kingsley Area Schools includes three schools and covers the southern end of the County. The district has a current enrollment of approximately 1,500 students. Both districts have a dual enrollment program which enables high school students to enroll in classes offered by Northwestern Michigan College and earn college credit while still in high school.

Northwestern Michigan College pioneered post-secondary education in northern Michigan when it was established as Michigan's first community college in 1951. With an enrollment of 4,200, the college provides collegiate-level instruction in the liberal arts and in many occupational fields. The college's Great Lakes Maritime Academy, the only maritime academy on the Great Lakes, prepares students to become merchant marine officers. The college also is in partnership with 7 Michigan colleges and universities to provide bachelor's completion and advanced degrees.

### ***Tourism Industry***

The Grand Traverse region's largest industry is often considered to be tourism. With approximately 1 in 6 jobs dependent on tourism in the five-county region, the impact is twice that of the rest of Michigan. Grand Traverse County has more than 4000 hotel rooms and is second only to Wayne County in number of Airbnb guests. The estimated total economic impact from the visitor industry in Grand Traverse County is \$1.2 billion annually and totals for more than \$5,000 for each resident in the region.

### ***Cherry Industry***

The U.S. cherry industry produces more than 1,000 million pounds of tart and sweet cherries each year. Michigan, mainly the Grand Traverse region, grows about 70 percent of the tart cherry crop. Generally, Michigan produces 200 to 250 million pounds of tart cherries with the total U.S. crop being 275 to 350 million pounds. Sweet cherries primarily are grown in the Pacific Coast states, but Michigan joins the top four producers, harvesting about 20 percent of the crop each year. Michigan produces about 50 million pounds of sweet cherries.

### ***Wineries and Eateries***

The Traverse City area is home to numerous vintners who grow grapes and bottle wines on the scenic Old Mission and Leelanau Peninsulas. The wines are fast becoming among the finest offered nationally and internationally. The ideal climate, with vineyards protected by winter snows and conditions moderated by proximity to Lake Michigan, has given rise to a wine industry that has been recognized for its quality and variety since the first winery opened here in 1974. The area also contains nearly 20 breweries and 11 distilleries.

Thanks to its award-winning wines and talented local chefs, Traverse City enjoys a national reputation as a place of food and drink. Midwest Living listed Traverse City among its Five Top Food Towns two years in a row, and Bon Appetit has listed it as one of America's Top Five Foodie Towns.

### ***Arts and Culture***

The arts and culture industry represents a diverse group in this region from the world-renown Interlochen Center for the Arts to self-employed artists often working from their homes. Regionally, the arts and culture sector has grown significantly in the past few years and is an important contributing force in the economy. Highlights of the region include Dennis Museum Center, the Traverse City Opera House, the Old Town Playhouse, and the Traverse Symphony Orchestra.

### ***Healthcare***

Munson Healthcare, the parent company for Munson Medical Center in Traverse City and eight other affiliated hospitals, is the region's largest provider of health care and also the region's largest employer with over 5,000 employees. Munson serves 24 counties in northern Michigan and offers 41 specialties including one of the nation's top heart programs.

## **MAJOR INITIATIVES**

### ***Boardman River Dams***

The Grand Traverse County Board of Commissioners has decided to remove the Boardman and Sabin Dams on the Boardman River after a long study that included surrounding property owners, the Michigan Department of Natural Resources and Environment (DNRE), the U.S. Army Corps of Engineers, Grand Traverse County Road Commission, City of Traverse City, and Traverse City Light and Power. This decision is joined by the City of Traverse City which has removed Brown Bridge Dam also on the Boardman River. The County and City are working with the Army Corps of Engineers and DNRE on the removal of the dams and to restore the river. The Boardman Dam was removed in 2017 and the Sabin Dam was removed in 2018. A project of this scale is substantial and will have a significant impact on the community. Restoration and monitoring activities will continue on the Boardman River for several years.

### ***Brownfield Redevelopment***

Since its inception, the Grand Traverse County Brownfield Redevelopment Authority has been one of the most active authorities in Michigan, working to revitalize environmentally distressed areas. Over \$250 million of private investment has been added to the Grand Traverse County tax base as a result of environmental clean-up of nearly 20 brownfield sites. The new investment and new businesses have resulted in the creation of over 1,800 jobs. Further, an additional \$250 million in investments is anticipated in the continued redevelopment of these sites.

### ***Economic Development***

Grand Traverse County has been designated as a Next Michigan Development Corporation by the Michigan Strategic Fund Board. As one of only seven communities in Michigan, “Northern Nexus” utilizes key economic development tools to assist in the expansion and attraction of businesses that ship goods by two or more modes of transportation. With strong support from the Michigan Economic Development Corporation, Northern Nexus works in partnership with the City of Traverse City, Garfield Charter Township, East Bay Charter Township and Blair Township.

### ***National Cherry Festival***

Traverse City is considered the Cherry Capital of the World. Its annual celebration, the National Cherry Festival, is held every July and attracts over 500,000 people over eight days. At a minimum, the annual festival contributes \$27 million to the region. The festival has been well recognized by the Governor, the Michigan legislature, AAA Michigan and USA Today. The festival is also annually rated in the Top 100 Festivals and Events in North America by the American Bus Association.

### ***Traverse City Film Festival***

Every summer, the annual Traverse City Film Festival, founded by Academy Award winning filmmaker Michael Moore and co-founders, photographer John Robert Williams and New York Times bestselling author Doug Stanton, presents the best of independent, foreign, and documentary films in several indoor movie houses and one free outdoor location. The Festival also operates the historic State Theatre as a highly successful year-round movie house.

### ***Traverse City Beach Bums Professional Baseball Team and Hockeytown North***

Averaging 120,000 fans a year, Wuerfel Park is home to the Traverse City Beach Bums professional baseball team of the Frontier League and draws fans from across northern Michigan. Across town, Centre Ice, known as Hockeytown North, is home to the training camp of the Detroit Red Wings and its annual prospects tournament.

### ***Coast Guard City***

In 2010, Traverse City was designated as the 10<sup>th</sup> “Coast Guard City.” Traverse City is one of only 21 Coast Guard Cities in the United States. There are 140 Coast Guard personnel stationed at Air Station Traverse City located at Cherry Capital Airport. Traverse City is considered the #1 retirement location for Coast Guard personnel.

## **FINANCIAL INFORMATION**

### ***Relevant Financial Policies***

In accordance with the County's General Financial Policy, the General fund objective is to establish and maintain a 15% level of unassigned fund balance based on the General fund's most current adopted operating budget.

The 100% Tax Payment Fund Policy, which authorizes appropriations from the 100% Tax Payment fund, requires that it be self-funded. Beginning in 1999, the fund retains 25% of the earnings, with the balance available for distribution or appropriation to the general fund. Since 2002, \$450,000 of the amount available for appropriation has been designated as a capital appropriation.

Cash balances are invested according to the Investment Policy adopted by the Board of Commissioners. The Board of Commissioners has authorized the Grand Traverse County Treasurer to invest surplus funds of the County in accordance with those investments permitted by Act 20 of the Michigan Public Acts of 1943 as amended, M.C.L. 129.91. The Act generally allows the County to deposit funds in banks, savings and loan associations, and credit unions in the state of Michigan. The Act also provides for investments in U.S. government obligations; certificates of deposit, savings accounts and deposit accounts of banks, savings and loans, and credit unions who are members of the FDIC, FSLIC, and NACU, respectively; commercial paper, U.S. government or federal agency obligation repurchase agreements; bankers' acceptances of United States banks; and, with some restrictions, mutual funds.

### ***Employees' Retirement Systems***

The County participates in the Municipal Employees Retirement System of Michigan (MERS), and offers both a defined benefit pension plan and a defined contribution pension plan for most full-time employees.

### ***Awards and Acknowledgments***

The Government Finance Officers Association of the United States and Canada (GFOA) awarded thirteen consecutive Certificates of Achievement for Excellence in Financial Reporting to Grand Traverse County, Michigan for its Comprehensive Annual Financial Report (CAFR) for the fiscal years ended December 31, 2005-2017. This Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting.

In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized CAFR whose contents conform to program standards. This CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements, and we are again submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department and other county departments, and the various elected and appointed officials. We would like to express our appreciation to everyone who assisted in and contributed to the preparation of this report. We would also like to thank the Board of Commissioners for their interest and support in planning and conducting the financial operations of the county in a responsible and progressive manner.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nate Alger".

### INDEPENDENT AUDITORS' REPORT

June 28, 2019

Board of Commissioners  
Grand Traverse County, Michigan

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Grand Traverse County, Michigan (the County), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditor's Responsibility***

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Grand Traverse County, as of December 31, 2018, and the respective changes in financial position and, where applicable cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 9 and the information on pages 79 through 93 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2019 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

# Management's Discussion and Analysis

As management of the County of Grand Traverse, Michigan (the County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2018.

## Financial Highlights

The financial statements, which follow this Management's Discussion and Analysis, provide these significant key financial highlights for the 2018 fiscal year as follows:

- Tax revenues are increasing due to construction activity and increasing property values
- The pension payment to MERS was higher than the actuarial determined or required payment
- The Sabin Dam was removed with minimal County cost compared to the total project cost

## Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components: 1) Government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** The Government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues and earned but unused compensated absences).

Both of the government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include legislative, judicial, general government, public safety, public works, health and welfare, economic development, and parks and recreation. The business-type activities of the County include the Pavilions, Homestead, Inspections, Solid Waste, Foreclosure tax collection, and Delinquent tax revolving funds.

The government-wide financial statements include not only the County itself (known as the primary government), but also the legally separate Road Commission, Brownfield Redevelopment Authority, Land Bank Authority, Drain Commission, Department of Public Works, Building Authority, PACE and Pavilions Foundation.

**Fund financial statements** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, health department, commission on aging and Building Authority Pace debt fund, all of which are considered to be major funds. Data is combined into a single aggregated presentation for the other governmental funds (non-major governmental funds). Individual fund data for each of the non-major governmental funds is provided in the form of combining statements and schedules.

The County adopts an annual appropriated budget for its general fund and all special revenue funds as required by state law. Budgetary comparison statements have been provided for the general and special revenue funds to demonstrate legal compliance.

**Proprietary funds** The County also maintains proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the Pavilions and the Delinquent Tax Revolving Fund, both of which are considered to be major funds. Data is combined into a single aggregated presentation for the other enterprise funds (non-major enterprise funds). Individual fund data for each of the non-major enterprise funds is provided in the form of combining statements and schedules.

The County has internal service funds to account for and allocate costs internally among the various functions. Because these services predominantly benefit governmental functions, they have been included within governmental activities in the government-wide financial statements.

**Fiduciary funds** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of these funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the financial statements** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. This is limited to this discussion and analysis, major fund budgetary schedules and benefit plan trend information. Supplemental information follows the required supplementary information.

## Government-wide Financial Analysis

**Statement of Net Position** As noted earlier, net position may serve over time as a useful indicator of the County's financial position. In the case of the County, assets exceeded liabilities \$40,028,154 at the close of the most recent fiscal year. The following chart illustrates the composition of net position.

By far the largest portion of the County's net position reflects its investment in capital assets (e.g., land, buildings, machinery and equipment and infrastructure), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position in the amount of \$6,296,563 represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position was an unrestricted deficit of \$17,827,321.

At the end of the current fiscal year, the County is able to report positive balances in two categories of net position, for the governmental activities and all three categories of net position for the business-type activities.

**Statement of Activities** The County's total revenue for the fiscal year ended December 31, 2018, was \$90,215,318 while total cost of all programs and services was \$81,209,626. This results in an increase in net position of \$9,005,692. The following table presents a summary of the changes in net position for the years ended December 31.

The beginning net position for the business type activities was reduced by \$4,926,072 due to the County adopting GASB Statement Number 75 relating to other post-employment benefits and 2,318,914 to properly reflect deferred inflows and outflows.

### Governmental activities - expense and program revenue by function

### Governmental activities - revenues by source

,

**Governmental Activities** The preceding table shows that the governmental activities increased the County’s net position by \$5,630,949 during this fiscal year. The increase was primarily related to increased revenues and lower pension expenditures compared to 2017.

**Business-type Activities** Business-type activities increased the County’s net position by \$3,374,743 during the year. This increase is primarily the result of pension and OPEB activity.

### Financial Analysis of the Government’s Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds** The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a County's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance was \$11,088,302. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 30% of total general fund expenditures and transfers.

Health Department - At the end of the current fiscal year, fund balance was \$2,093,963, an increase of \$141,108 from the prior year.

Commission on Aging - At the end of the current fiscal year, fund balance was \$1,946,844, an increase of \$371,031 from the prior year. The primary reason for the increase was planned program revenue exceeding expenditures.

Building Authority PACE Debt - At the end of the current fiscal year, long-term receivable of \$2,908,074 were offset with an equal amount of deferred inflows. These balance represent future minimum payments expected be received on a lease of facilities to PACE (a discretely presented component unit).

**Proprietary funds** The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The County of Grand Traverse's major enterprise operations consist of separate and distinct activities. These activities are accounted for in the Grand Traverse Pavilions and the delinquent tax revolving fund. These activities provide services to residents and businesses of the County. The Pavilions had an increase in net position of \$2,928,205 largely due to changes in the pensions and OPEB plan. The delinquent tax revolving fund had an increase of \$220,284 while transferring approximately \$630,000 to other funds.

## Budgetary Highlights

### General Fund

- Tax revenue in the general fund exceeded conservative budget estimates
- Reimbursement revenues were higher due to employee defined contribution forfeitures
- General government was less than budget due to vacant positions and lower net insurance costs
- Public safety expenditures were less than planned due to lower staffing levels at the jail
- Actual transfers were less than budget due to lower costs in Central Dispatch and the Child Care Fund

### Health Department

- Medicaid cost settlement revenue was significantly more than budgeted
- Total expenditures were lower than budget due to unexpended grant funds that carry over to 2019

### Commission on Aging

- Total expenditures less than budget due to staffing levels and lower contract services

## Capital Asset and Debt Administration

**Capital assets** The County's investment in capital assets for its governmental and business-type activities as of December 31, 2018, amounted to \$66,494,298 (net of accumulated depreciation). Of this amount, \$46,510,045 was for its governmental activities and \$19,984,253 was for its business-type activities. This investment in capital assets includes land, buildings, equipment and vehicles, and infrastructure.

Significant additions to capital assets during the year include vehicle replacements, equipment and IT system upgrades and improvements to County facilities.

Additional information about the County's capital asset activity can be found in Note 6 to these financial statements.

**Long-term debt** At the end of the current fiscal year, the County had total long-term debt outstanding of \$14,519,104 for governmental and business-type activities. The County made principal payments on debt of approximately \$1,030,000.

Additional information on the County's long-term debt can be found in Note 9 to these financial statements.

## Economic Factors and Next Year's Budgets and Rates

The following economic factors were considered in preparing the County's budget for the 2019 fiscal year:

- Property values and taxable values continue to increase due to construction activity and economic growth. The 2019 Equalization Report indicates a 5.12% increase in taxable value
- The county transitioned employee health insurance to a health savings plan at a lower total cost while retaining a 20% cost sharing by employees
- Several labor contracts need to be negotiated in 2019 and may include a wage increase for employees

## Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the County's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, Grand Traverse County, 400 Boardman Avenue, Suite 304, Traverse City, MI 49684.

TO THE STATEMENT OF ACTIVITIES**

**FOR THE YEAR ENDED DECEMBER 31, 2018**

---

<b>Net changes in fund balances - total governmental funds</b>	<b>\$ 788,693</b>
<p>Amounts reported for <i>governmental activities</i> in the statement of activities are different because</p>	
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.</p>	
Add - capital outlay	3,693,896
Deduct - depreciation expense	(1,584,307)
Deduct - net book value of disposed assets	(1,620)
<p>Issuance of bonds or notes provides current financial resources to governmental funds in the period issued, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond or note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.</p>	
Add - principal payments on debt	730,000
Deduct - amortization of premium/discounts	(1,852)
<p>Internal service funds are used by management to charge the costs of certain services to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.</p>	
Add - increase in net position from the internal service funds	14,848
<p>Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.</p>	
deduct - increase in accrued employee benefits	(53,969)
deduct - increase in net pension obligation	(1,959,623)
add - decrease in deferred inflows and outflows related to benefit plans	3,515,952
Add - decrease in other post-employment benefit liability	511,681
Add - decrease in accrued interest	(22,750)

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2018

---

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Grand Traverse County (the County) conform to generally accepted accounting principles as applicable to governments. The following is a summary of the significant policies.

#### ***Reporting Entity***

The County was organized in 1851 and covers an area of approximately 485 square miles with the county seat in Traverse City. The County operates under an elected County Board of Commissioners (seven members) and provides services to its residents in many areas including law enforcement, administration of justice, community enrichment and development, and human services.

These financial statements present the County and its component units, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities are, in substance, part of the County's operations, so data from these units are combined with data of the primary government. Discretely presented component units are reported in a separate column in the financial statements to emphasize they are legally separate from the County.

#### ***Blended Component Unit***

The Grand Traverse Building Authority (the Building Authority) is governed by a five-member Board appointed by the County Board of Commissioners. Although legally separate from the County, the Building Authority is reported as if it were part of the primary government because its sole purpose is to finance and construct the County's public buildings. The Building Authority activity is presented in the Building Authority, capital projects, and debt service funds. A separate audit report is not issued for the Grand Traverse County Building Authority.

#### ***Discretely Presented Component Units***

The component unit columns in the component unit statement of net position and statement of activities include the financial data of the Grand Traverse County Road Commission (the Road Commission), the Grand Traverse County Brownfield Redevelopment Authority (the Brownfield Redevelopment Authority), the Grand Traverse County Land Bank Authority (the Land Bank Authority), the Grand Traverse County Department of Public Works (the Department of Public Works), the Grand Traverse County Drain Commission (the Drain Commission), PACE and the Pavilions Foundation. They are reported in separate columns to emphasize they are legally separate from the County.

The Road Commission was established pursuant to the County Road Law (MCL 224.1) to maintain and construct county roads and is governed by a Board of County Road Commissioners appointed by the County Board of Commissioners. Complete financial statements for the Road Commission can be obtained from: 1881 LaFranier Road, Traverse City, MI 49696.

The Brownfield Redevelopment Authority was established pursuant to Public Act 381 of 1996 to fund redevelopment of contaminated property and is governed by a Board of Directors appointed by the Grand Traverse County Board of Commissioners. The Brownfield Redevelopment Authority is fiscally dependent on the County. The County Commission has the ability to significantly influence operations of the Brownfield Redevelopment Authority. Financial statements are not separately issued for the Brownfield Redevelopment Authority.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED DECEMBER 31, 2018

---

The Land Bank Authority was established pursuant to the Michigan Land Bank Fast Track Act (2003 P.A. 258, MCL 124.751) to facilitate use of property obtained as a result of delinquent property taxes. Members of the governing body of the Land Bank Authority are appointed by the County Board of Commissioners. The County Commission has the ability to significantly influence operations of the Land Bank Authority. Financial statements are not separately issued for the Land Bank Authority.

The Department of Public Works was established to facilitate municipal shared public utilities and is governed by a Board of Directors appointed by the County Board of Commissioners. The County Commission has the ability to significantly influence operations of the Department of Public Works. Financial statements are not separately issued for the Department of Public Works.

The Drain Commission drainage districts are established pursuant to the Drain Code of 1956 and were legally separate entities. The Drain Commissioner has the power to contract, to sue and be sued, and to hold, manage and dispose of real and personal property. The statutory drainage board of Chapter 21 drainage districts consists of the State Director of Agriculture and the Drain Commissioner of each county involved in the project. The County Drain Commissioner has sole responsibility to administer the drainage districts established pursuant to Chapters 3, 4 and 8 of the Drain Code. The Drainage Board or Drain Commissioner, on behalf of the drainage districts, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The County Commission has the ability to significantly influence operations of the Drain Commission. Financial statements are not separately issued for the Drain Commission although financial information for specific drainage districts may be obtained from the County Drain Commissioner, 400 Boardman Avenue, Traverse City, MI 49684.

PACE is a legally separate nonprofit organization established under IRS Code Section 501(c)3. PACE was established to provide all needed preventive, primary, acute and long-term care services so that older individuals can live as independently as possible. Due to appointing the voting majority of the Board Members and the financial benefit/burden relationship, the County reports PACE as a discretely presented component unit. Financial statements are not separately issued for PACE.

The Pavilions Foundation is a legally separate nonprofit organization established under IRS Code Section 501(c)3. The Pavilions Foundation was established in order to exclusively advance the mission and programs of the continuum of care at The Pavilions. The Pavilions Foundation oversees the development and fundraising endeavors for The Pavilions. Due to appointing the voting majority of the Board Members and the financial benefit/burden relationship, the County reports the Pavilions Foundation as a discretely presented component unit. Financial statements are not separately issued for the Pavilions Foundation.

### **Jointly Governed Organizations**

#### *Northwestern Regional Airport Commission*

The County participates in the operation of the Northwestern Regional Airport Commission (Airport Commission) with Leelanau County. Complete financial statements for the Airport Commission can be obtained from: Cherry Capital Airport Administrative Office, 144 W. South Airport Road, Traverse City, MI 49686.

#### *Northern Lakes Community Mental Health*

The County also participates in the operation of the Northern Lakes Community Mental Health Authority (NLCMH) with Missaukee, Leelanau, Crawford, Roscommon and Wexford counties. Complete financial statements for NLCMH can be obtained from: 105 Hall Street, Traverse City, MI 49684.

### **Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges between enterprise functions and other various functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

### **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements, except for agency funds which do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

# GRAND TRAVERSE COUNTY

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2018

---

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for reimbursement-based grants and interest, which use a one-year collection period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to long-term employee benefits and claims and judgments, are recorded only when payment is due. Property taxes, state revenue, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges for services. Operating expenses for the enterprise funds include depreciation on capital assets, labor, supplies and contracted services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The County reports the following major governmental funds:

The *General Fund* is the general operating fund of the County. It is used to account for all financial resources, except those required to be accounted for in another fund.

The *Health Department Fund* accounts for the federal and state grants, local service fees and general fund appropriations which are used to provide health services to citizens of the County.

The *Commission on Aging Fund* is used to account for revenues received from property taxes and fees to provide services and programs for County residents 60 years of age and older.

The *Building Authority PACE Debt Fund* is used to account for revenues received from a lease agreement for facilities with PACE (a discretely presented component unit).

The County reports the following major proprietary funds:

The *Grand Traverse Pavilions Fund* accounts for the activities of the County's medical care facility.

The *Delinquent Tax Revolving Fund* is used to account for the purchase and subsequent collection of delinquent real property taxes of local units of government.

Additionally, the County reports the following fund types:

The *Special Revenue Funds* are used to account for the proceeds of specific revenue sources (other than permanent trusts or major capital projects) that are legally restricted to expenditures for specified purposes.

---

The *Capital Projects Funds* account for the accumulation and disbursement of resources for the purchase and construction of governmental fund capital assets.

The *Debt Service Funds* are used to record revenues which are restricted or otherwise provided for the payment of principal and interest on general long-term debt.

The *Enterprise Funds* are used to account for operations of the County that are financed by charges for the services provided.

The *Internal Service Funds* account for the fleet and equipment management, data processing, copy machine, mailing department and insurance services provided to other departments or agencies of the County on a cost reimbursement basis.

The *Agency Funds* are used to account for the collection and disbursement of funds that are collected on behalf of outside governments or other parties.

The *Other Post-employment Benefits Trust Funds* accounts for the accumulation of resources to be used for retirement annuity payments and other postemployment benefits at appropriate amounts and times in the future.

#### ***Budgets and Budgetary Accounting***

The County adopts a budget for the general fund and special revenue funds as required by state law (P.A. 621 of 1978, as amended). Budgets for other funds are used as a management control device. The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Management submits to the County Commission a proposed operating budget for the fiscal year commencing the following January 1.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to January 1, the budget is legally enacted through passage of a resolution. Formal budgetary integration is employed as a management control device during the year for the general and special revenue funds. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). The legal level of budgetary control adopted by the governing board is the activity level, which is the level at which expenditures may not legally exceed appropriations.
4. Adoption and amendments of all budgets used by the County are governed by Michigan Law. The appropriations ordinances are based on the projected revenue and expenditure of the various functions of the County. Any amendment to the original budget must meet the requirements of Michigan Law. The County did amend its budget for the year. Any revisions that alter the total expenditures of any fund must be approved by the County Commission. Appropriation laps at year end.

### ***Cash and Pooled Investments***

For the purpose of the statement of cash flows the County considers all assets held in the cash, restricted cash and investment pooled to be cash and cash equivalents because the investments are not identifiable to specific funds and the assets can be withdrawn at any time, similar to demand deposit accounts.

### ***Investments***

Investments are stated at fair value at the balance sheet date.

County investment policy allows for all investments authorized by State statutes. State statutes authorize the County to invest in:

- a. Bonds, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- b. Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.
- c. Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- d. Bankers' acceptances of United States banks.
- e. Obligations of the State of Michigan and its political subdivisions that, at the time of purchase are rated as investment grade by at least one standard rating service.
- f. Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- g. External investment pools as authorized by Public Act 20 as amended.
- h. The OPEB Trusts may also invest in corporate debt and equity securities.

The Pavilions Foundation and PACE (discretely presented component unit) have no restrictions on deposit and investment options.

### ***Receivables / Due From Other Governments***

All receivables are recorded at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. For the Pavilions fund receivables, an allowance for uncollectible accounts of \$1,091,253 has been established. All other estimated uncollectible balances are immaterial to the financial statements.

Economic development fund receivables consist of loans to promote economic development within the County, community development block grant fund receivables consist of loans to area residents for home improvements which must be repaid by the homeowner upon sale, foreclosure or as scheduled. Brownfield Redevelopment Authority component unit receivables represent loans to assist with the economic development of environmentally distressed sites within the County. Department of public works receivables are due from local units of governments that participate in utility projects. Long-term receivables generally represent the balance due on capital projects financed by the County for local units of government (the local unit reports the capital asset as property ownership transfers to the local unit upon completion of debt service). The County has an enforceable lien on such property. Long-term receivables in the Building Authority PACE debt fund represent a facility lease agreement with PACE (a discretely presented component unit) that is equally offset with a deferred inflow.

### **Prepaid and Items**

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid and other assets in both the government-wide and fund financial statements. The County uses the consumption method of accounting for prepaid items.

### **Inventory**

All inventories are valued at cost using the first-in/first-out (FIFO) method (average unit cost method used for the Road Commission). Inventory represents parts, materials, and supplies utilized in the various County operations. The County uses the consumption method of accounting for inventory items.

### **Capital Assets**

Capital assets, which include land and improvements, construction in progress, buildings and improvements, equipment, vehicles, infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), and right-to-use lease are reported in the governmental, business-type activities, and component unit columns in the government-wide financial statements.

Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (\$1,000 for DPW and Drain Commission) and an estimated useful life in excess of two years. Such assets are valued at cost where historical records are available and at estimated historical cost where no historical records exist. Donated capital assets are valued at acquisition value (the price that would be paid to acquire an asset with an equivalent service potential in an orderly market transaction) on the date received.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. No interest expense has been capitalized on capital assets.

Depreciation on capital assets (including infrastructure) is computed using the straight-line method (sum of the year's digits for Road Commission) over the following estimated useful lives:

	<u>County</u>	<u>DPW &amp; Drain Commission</u>	<u>Road Commission</u>
Land improvements	10-20	-	-
Buildings and improvements	30-50	50	50
Furniture and equipment	5-25	5-30	5-30
Vehicles	5	-	-
Infrastructure	5-50	5-50	20-50

### **Unearned Revenue**

Funds report *unearned revenue* in connection with asset balances that have not yet been earned.

## NOTES TO THE FINANCIAL STATEMENTS

### ***Deferred Outflows / Inflows of Resources***

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The County reports deferred outflows of resources for the loss on advance bond refunding reported in the government-wide statement of net position which results from the difference in the carrying value of refunded debt and its reacquisition price. The County and Road Commission have items that qualify for reporting in this category related to the net pension and OPEB liability, these items are discussed in Notes 7 and 8.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The governmental funds and governmental activities report deferred inflows for property taxes levied for the following year. The County also has items that qualify for reporting in this category related to the net pension/OPEB liability and lease receivable, these items are discussed in Notes 7, 8 and 9.

### ***Compensated Absences***

Under contracts negotiated with employee groups and personnel policy, individual employees have a vested right to receive payments for unused vacation and other compensation depending on employment agreements. Compensated absences reported for governmental activities are primarily liquidated from General fund resources. The current portion of compensated absences are undeterminable and considered immaterial to the financial statements.

### ***Long-Term Obligations***

In the government-wide financial statements and proprietary fund types in the fund financial statements, the long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs in the year of issuance. The face amount of debt issued and any premiums received are reported as other financing sources. Discounts on debt issuances are reported as an other financing use. Governmental, proprietary, and component units report issuance costs are reported as expenditures/expenses.

## NOTES TO THE FINANCIAL STATEMENTS

### ***Net Position and Fund Balance Reporting***

Governmental funds report fund balance in the following five categories:

1. Non-spendable - the related asset's form does not allow expenditure of the balance. The assets are either (a) not in a spendable form or (b) legally or contractually required to be maintained intact. Non-spendable fund balance would be equal to inventory, prepaid items, non-current financial assets, and the non-spendable portion of endowments.
2. Restricted - the related assets can only be spent for the specific purposes stipulated by constitution, external resource providers, or as identified in enabling legislation.
3. Committed - the related assets can only be spent for a specific purpose identified by formal resolution of the governing board.
4. Assigned - the related assets can only be spent for a specific purpose but do not meet the criteria to be classified as committed.
5. Unassigned - is the residual classification and includes all spendable amounts not contained in the other classifications.

The Commission has delegated the authority to assign fund balance to the County Administrator. Only the Commission can commit fund balance.

The Commission has adopted a minimum fund balance policy in which the total fund balance of the General fund will be equal to at least 15 percent of the subsequent year's adopted General fund budgeted expenditures and transfers out. If the General fund balance falls below the minimum range, the County will replenish shortages or deficiencies using budget strategies and timeframes as detailed in the policy.

### ***Net Position and Fund Balance Flow Assumptions***

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position/fund balance and unrestricted – net position/fund balance, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to use restricted resources first, then unrestricted resource as they are needed. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

### ***Pensions***

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the net position restricted for pensions of the Municipal Employees' Retirement Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED DECEMBER 31, 2018

#### ***Property Taxes***

County property taxes for general operations are levied as of July 1 and property taxes for special purposes are levied as of December 1 on property values assessed as of the preceding December 31, the lien date. The taxes levied as of December 1 are due February 14 of the following year and taxes levied July 1 are due on September 14 after which applicable property is subject to lien, and penalties and interest are assessed.

It is the County's policy to recognize the summer tax levy in the financial statements as current revenue because these revenues are budgeted and made "available" to fund current operations. It is the County's policy to report the winter tax levy in the financial statements as deferred inflows because it is intended to fund next year's activities. Winter taxes are recognized as revenues in the subsequent year when the proceeds of this levy are budgeted.

#### ***Intergovernmental Revenues***

Grants and assistance awards made on the basis of entitlement periods are recorded as due from other governments and revenue when entitlement occurs. Reimbursement-type grants are recorded as intergovernmental receivables and revenues when the related expenditure/expenses are incurred.

#### ***Interfund Transactions***

During the course of normal operations, the County has numerous transactions between funds. Transactions that constitute reimbursement to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed. Charges between enterprise funds and other functions of the County are not reimbursements because elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Remaining transactions are generally reflected as transfers.

## **2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS IN BUDGETARY FUNDS**

Michigan law provides that a local unit of government shall not incur expenditures in excess of the amount appropriated. In the body of the financial statements, the County's actual and budgeted expenditures for the budgeted funds have been shown at the activity level. The legal level of budgetary control defined through the County's budgetary process is the activity level.

During the year, the County did not incur expenditures in budgeted funds which were in excess of the amounts appropriated.

Investments	36,951,836
Petty cash	20,673
Segregated component units (PACE & Pavilions Foundation)	
Deposits	1,933,926
Investments	1,452,406
Petty cash	100
<b>Total</b>	<b>\$59,815,125</b>

The County deposits are in financial institutions located in Michigan in varying amounts. State policy limits the Treasurer's investing options to financial institutions located in Michigan. All accounts are in the name of the County and a specific fund or common account or a component units name. They are recorded in County and component unit records at fair value. Interest is recorded when earned.

*Custodial Credit Risk - Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. State law does not require, and the County does not have, a policy for deposit custodial credit risk. As of year-end, the County's bank balance was \$19,380,644; of this amount, \$13,499,477 was collateralized, \$2,388,281 was insured, and \$1,746,443 was exposed to custodial credit risk because the balance was uninsured and uncollateralized. As of year-end, the segregated component units' bank balance was \$1,933,425; of this amount, \$678,113 was insured, and \$1,255,312 was exposed to custodial credit risk because the balance was uninsured and uncollateralized.

### *Investment and deposit risk*

*Interest Rate Risk.* State law and County policy limit the allowable investments and the maturities of some of the allowable investments as identified in Note 1, the summary of significant accounting policies. The County's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The maturity date for each investment is identified above for investments held at year-end.

*Credit Risk.* State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in Note 1, the summary of significant accounting policies. The investment policy does not have specific limits in excess of state law on investment credit risk. The rating for each investment is identified above for investments held at year-end.

*Custodial Credit Risk - Investments.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the County does not have a policy for investment custodial credit risk. Of the above \$36,951,836 of investments, the County has a custodial credit risk of \$2,253,776 because the related securities are uninsured, unregistered and held by the government's brokerage firm which is also the counterparty for these particular securities. Of the above County and segregated component units' mutual fund/pool investments the custodial credit risk exposure cannot be determined because the funds do not consist of specifically identifiable securities.

*Concentration of Credit Risk.* Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer. The County does not have an investment policy that limits the amount that may be invested in any one issuer. Excluding U.S. government guaranteed, mutual funds and pooled investments, the County does not own investments in any one issuer that represent 5% or more of total County investments at year-end.

The County categorizes its fair value measurements of investments within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The County has the following recurring fair value measurements as of year-end. All of the County's investments are valued using a pricing model utilizing observable fair value measures of bond/pool investments and other observable inputs to determining the fair value of the securities making up the investment bond/pool (Level 2 inputs).

### 7. PENSION PLANS

#### Defined Contribution Pension Plans

##### Defined Contribution Pension Plan – Grand Traverse County

The **Grand Traverse County Defined Contribution Plan** is sponsored by the County created in accordance with Internal Revenue Code Section 401(a), which is available to all full-time employees. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees who were hired previous to May 1, 2001 were able to choose to either stay in the defined benefit plan or to change to the defined contribution plan once their union contract was settled. Participants do not vest in the first two years of service, and are considered 25%, 50%, 75% and 100% vested in years three through six, respectively. Members may contribute 3% of their base pay, and the County's required contribution is an amount equal to 6% of the participant's base pay plus match employee contributions up to 3% of the employees' base pay for employees hired prior to January 1, 2014 and for certain bargaining unit members. New employees hired after January 1, 2014 and for certain bargaining unit members, the employer is required to contribute 3% of the participant's base pay plus match employee contributions of 3%.

The plan is administered by MERS. Plan provisions and contribution requirements were established and can only be amended by authorization of the County Commission. In 2018, the County contributed \$1,547,668 and employees contributed \$562,076.

##### Defined Contribution Pension Plan – Road Commission

The Road Commission maintains a defined contribution plan administered by MERS for those employees who do not participate in the defined benefit pension plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Administrative employees are eligible to participate from the date of employment. Union employees are eligible after one year as established by agreement. The Commission contributes 9% of administrative and 8% of union personnel gross earnings, respectively plus match employee contributions in an amount equal to 3% administrative and 2% union. Contributions for each employee (adjusted for gains and losses allocated to the employee's account) are vested 20%, 40%, 60%, 80% and 100% in years two through six, respectively. Plan provisions and contribution requirements are established and may be amended by the Board of County Road Commissioners. During 2018, the Commission contributed \$225,421 and employees contributed \$52,301 towards the defined contribution plan.

#### Defined Benefit Plans

##### *General Plan Description*

The following is applicable to the Grand Traverse County defined benefit pension plan (closed to new employees), Grand Traverse Pavilions defined benefit pension plan (open to new employees) and Grand Traverse County Road Commission defined benefit pension plan (closed to new employees).

##### *Plan Description*

The defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The employer participates in the Municipal Employees Retirement System (MERS) of Michigan. MERS is an agent multiple employer, statewide public employee pension plan established by the Michigan Legislature under Public Act 135 of 1945 and administered by a nine-

member Retirement Board. MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the MERS website at [www.mersofmich.com](http://www.mersofmich.com).

#### ***Investments***

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	57.5%	5.02%
Fixed Income	20.0%	2.18%
Real Assets	12.5%	4.23%
Diversifying Strategies	10.0%	6.56%

#### ***Actuarial Assumptions***

The total pension liability was determined by an actuarial valuation as of December 31, 2017, using the following actuarial assumptions:

Inflation – 2.5%

Salary increases – 3.75% in the long term

Investment rate of return - 7.75 percent; net of investment expense including inflation

Mortality rates – based on the RP-2014 Group Annuity Mortality Table of a 50% male and 50% female blend

The actuarial assumptions used in the valuation were based on the results of the 2015 actuarial experience study

The actuarial assumptions used in the valuation were based on the results of the 2015 actuarial experience study.

#### ***Discount Rate***

The discount rate used to measure the total pension liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made at the current actuarially determined rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The employer's Net Pension Liability was measured as of December 31, 2017, and the total pension liability used to calculate the Net Pension Liability at December 31, 2018 was determined utilizing roll forward procedures as part of the annual actuarial valuation as of December 31, 2017.

### **Defined Benefit Pension Plan – Grand Traverse County**

#### **Plan Membership**

At December 31, 2017, participants included the following:

Active plan members	58
Terminated vested plan members	41
Retirees and beneficiaries	<u>297</u>
Total participants	<u><u>396</u></u>

#### **Benefits**

Pension benefits vary by division and are calculated as final average compensation (based on a 3 or 5 year period) and multipliers ranging from 2.25% to 2.80%. Participants are considered to be fully vested in the plan after 6, 8, or 10 years. Normal retirement age is 60 with early retirement at age 50 with 25 years of service, age 55 with 15 years of service, age 55 with 25 years of service, or with 25 years of service (no age requirement).

#### **Contributions**

The County is required to contribute at least an amount equal to the actuarially determined rate, as established by the MERS Retirement Board. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. In addition, the employer may establish contribution rates to be paid by its covered employees.

Employer and employee monthly contribution amounts are generally fixed by division/bargaining unit and based on a percentage of payroll for employee contributions. The employer actuarial determined contribution was \$5,720,352.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED DECEMBER 31, 2018

**Benefits provided**

Benefits provided include plans with multipliers ranging from 2.25 to 2.50. Vesting period of 6-10 years. Normal retirement age is 60. Final average compensation is calculated based on a 5 years average.

Membership of the defined benefit plan consisted of the following at the date of the latest actuarial valuation (December 31, 2017):

Inactive employees or beneficiaries currently receiving benefits	54
Inactive employees entitled but not yet receiving benefits	3
Active plan members	2
<b>Total</b>	<b>59</b>

**Contributions**

The Commission is required to contribute at an actuarially determined amount, which for the current year was \$731,250. Actual contributions for the year were \$1,208,374 which is \$476,854 in excess of the actuarial required contribution. Participating employees are not required to contribute to the Plan. The contribution requirements of the Commission are established and may be amended by the MERS Retirement Board. The contribution requirements of employees are established and may be amended by labor agreements.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

#### **Plan Membership**

At December 31, 2018, participants included the following:

Active plan members	203
Retired plan members	<u>35</u>
Total participants	<u>238</u>

#### **Benefits**

Retirees have access to employer sponsored Medical, Dental, Vision and Life Insurance coverage subject to varying specified contributions. Members pay a percentage of premiums; additional beneficiaries must pay 100% of additional premiums.

#### **Contributions**

The Plan was established and is being funded under the authority of the County and under agreements with the unions representing various classes of employees. The Plan's funding policy is to contribute \$300,000 in 2019 and \$300,000 per year thereafter beginning in 2020. There are no long-term contracts for contributions to the Plan. The Plan has no legally required reserves.

#### **Rate of Return**

For the year ended December 31, 2018, the money-weighted rate of return was (.4)%.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED DECEMBER 31, 2018

**Net OPEB Liability of the County**

The components of the net OPEB liability of the County at December 31, 2018, were as follows:

Total OPEB liability	\$2,542,063
Plan fiduciary net position	<u>537,887</u>
 County's net OPEB liability	 <u><u>\$2,004,176</u></u>
 Plan fiduciary net position as a percentage of total OPEB liability	  <u><u>21.2%</u></u>

**Actuarial Assumptions**

The total OPEB liability was determined at December 31, 2018 using the entry age normal actuarial cost method by an actuarial valuation using the following actuarial assumptions based on 2018 County experience:

- Inflation – 2.5%
- Salary increases – 2.0%
- Investment rate of return – 7.75% (including 2.5% inflation)
- 20-year Aa Municipal bond rate – 3.15%
- Remaining amortization period of 13 year
- Healthcare cost trend – 8% in 2018 graded to 6% in 2022
- Asset value - market
- Mortality rates – based on SOA RPH-2014 at 2006 projected with MP-2017, annuitant, non-annuitant (sex-distinct) Mortality Table

**Discount Rate**

The discount rate used to measure the total OPEB liability was 7.75 percent. The projection of cash flows used to determine the discount rate assumed that County contributions will be made at the current contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. For projected benefits that are covered by projected assets, the long-term expected rate was used to discount the projected benefits. From the year that the benefit payments were not projected to be covered by the projected assets (the "depletion date"), projected benefits were discounted at a discount rate reflecting a 20-year AA/Aa tax-exempt municipal bond yield. A single equivalent discount rate that yields the same present value of benefits is calculated. This discount rate is used to determine the total OPEB liability. As of December 31, 2017, the discount rate used to value OPEB liabilities was 6.0%

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate**

The following presents the net OPEB liability of the County, calculated using the discount rate of 6% percent, as well as what the County's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5 percent) or 1-percentage point higher (7 percent) than the current rate:

#### Defined Benefit Plan – Road Commission

##### **Plan Description**

The Grand Traverse County Road Commission (the Commission) administers a single-employer defined benefit healthcare plans. The plan provides healthcare benefits to eligible retirees, in accordance with the Commission's policy and employment agreements. The Retiree Health Plan does not issue a publicly available financial report. The actuarial valuation was prepared using the alternative method as provided for in Governmental Accounting Standards Board Statement No. 75.

##### **Benefits Provided**

Only employees retiring before May 1, 2016 are eligible for the following retiree medical coverage stipend:

- Early retirees – eligible for \$500 monthly stipend until age 65 (no benefits provided subsequent to age 65)
- Past retirees – eligible for \$112/224 monthly stipend until death (retiree and spouse received \$112 each)

Membership of the Plan consisted of the following at the date of the latest valuation (December 31, 2018):

Early retirees	
\$500 monthly stipend – retiree	7
Current retirees	
\$122 monthly stipend – retiree	45
\$122 monthly stipend – retiree spouse	29
	<hr/>
Total	81
	<hr/>

##### **Contributions**

The Commission has no obligation to make contributions in advance of when the stipend is paid (in other words, the Plan may be financed on a "pay-as-you-go" basis). Participants do not make contributions to the Plan. There are no long-term contracts for contributions to the Plan. The Plan has no legally required reserves.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED DECEMBER 31, 2018

**Net OPEB Liability**

The employer's net OPEB liability was measured as of December 31, 2018, and the total OPEB liability used to calculate the net OPEB liability was determined by an annual valuation as of that date.

The total OPEB liability in the December 31, 2018 annual valuation was determined using the following assumptions, applied to all periods included in the measurement:

Inflation: Not applicable due to a fixed stipend not expected to change over time

Salary increases: Not applicable due to closed plan status with no active participants  
 Investment rate of return: 3% (unfunded status is consistent with Michigan Department of Treasury requirements and generally accepted accounting principles (GAAP))

Healthcare cost trend rates: Not applicable due to a fixed stipend not expected to change over time

Mortality rates were based on the 2014 life tables for males or females, as appropriate, from the Centers for Disease Control.

The assumptions used in valuation were based on the results of the most recent actuarial experience study and State of Michigan requirements.

Discount rate. The discount rate used to measure the total OPEB liability is 3% (20 year AA/Aa tax exempt municipal bond yield). Because the plan does not have a reasonably funded OPEB trust, there are not assets projected to be sufficient to make projected future benefit payments of current plan members. A discount rate is used of determine the Total OPEB Liability. December 31, 2018 is the first year of required compliance with GASB 75, so there is no required discount rate change to disclose.

#### 11. DEFICIT FUND EQUITY

The Building Authority reported deficit unassigned fund balance of \$490,000 in the LaFranier Department of Public Works nonmajor governmental debt service fund. This was the result of the fund making a lump sum payment (advance from other funds) in a prior year in order to call the related bonds early which is reduced ratably over the course of the related building rental agreement.

The Motor Pool internal service fund reported an unassigned deficit net position of \$2,099,366. Overall, the total net position for this fund amounted to \$465,914.

The Drain Commission component unit reported a deficit unassigned fund balance of \$33,621, \$1,524, \$27,856 and \$603,990 in the Drain Revolving, Silver Lake Lake Level Special Assessment, Old Mission Drain Special Assessment and Cass Road Drain Special Assessment capital projects funds respectively. The Drain Commission overall reported a deficit restricted net position of \$94,066.

### 12. TAX ABATEMENTS

Certain local units of government entered into property tax abatement agreements with local businesses under the Plant Rehabilitation and Industrial Development Districts Act, (known as the Industrial Facilities Exemption), PA 198 of 1974, as amended, provides a tax incentive to manufacturers to enable renovation and expansion of aging facilities, assist in the building of new facilities, and to promote the establishment of high tech facilities. An Industrial Facilities Exemption (IFE) certificate entitles the facility to exemption from ad valorem real and/or personal property taxes for a term of 1-12 years as determined by the local unit of government. The agreements entered into by the local units of government include claw back provisions should the recipient of the tax abatement fail to fully meet its commitments, such as employment levels and timelines for relocation. The IFT is computed at half the local property tax millage rate. This amounts to a reduction in property taxes of approximately 50%. For the year ended December 31, 2018, the County's property tax revenues were reduced by approximately \$55,000 as a result of Industrial Facilities Tax exemptions.

Certain local units of government entered into property tax abatements through the Payments-in-Lieu-of-Tax (PILOT) program related to housing. For the year ended December 31, 2018, the County's property tax revenues were reduced by approximately \$160,000 as a result of this program.

### 13. RISK MANAGEMENT

#### *Primary Government*

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the government carries commercial insurance and participates in the Michigan Municipal Risk Management Authority (the Authority). The County is covered for general and auto liability, motor vehicle physical damage and property coverage through the Authority. The Authority has entered into reinsurance agreements providing for loss coverage in excess of the amounts to be retained by the Authority and individual members. The County's risk retention on general liability and auto liability is \$75,000. The limits on auto physical damage are \$15,000 per unit and \$30,000 per occurrence. The retention limits for property coverage are subject to a \$1,000 deductible to be paid by the member. In the event a reinsurance company does not meet its obligation to the Authority, responsibility for payment of any unreimbursed claims will be that of the Authority reinsurance fund. The Authority has retained certain levels of risk rather than obtaining coverage through reinsurance agreements. The Authority established the Authority reinsurance fund in order to participate in the reinsurance agreements. Individual members are provided the same level of coverage previously afforded through a combination of the reinsurance agreements and the reinsurance fund. The claims liabilities reported at year are based on the requirements of GASB Statement No.10, which requires that a liability for claims be reported if it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated.

## NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED DECEMBER 31, 2018

The change in claims liability for the years ended December 31, 2017 and 2018 are as follows:

<u>Year</u>	<u>Beginning of Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Year Liability</u>
2017	\$ 16,000	\$174,983	\$ 5,900	\$185,083
2018	185,083	(13,894)	74,547	96,642

The County reports the activity and its share of the reinsurance fund in the County Insurance internal service fund. The County has had no settled claims resulting from these risks that exceeded their coverage in any of the past three fiscal years. There have been no reductions in insurance coverage from the prior fiscal year.

The County has established a self-insurance program for workers' compensation, which is accounted for in the Fringe Benefits internal service fund. This program is administered by a third-party administrator that provides claims reviews and processing. A specific excess workers' compensation reinsurance policy indemnifies the County up to \$5,000,000 for each loss in excess of the first \$400,000 for all employees except for police officers and drivers who have a \$500,000 retention amount. All applicable funds are charged premiums based on payroll. Settled claims have not exceeded insurance coverage in the history of the self-insurance program. There have been no significant reductions in insurance coverage from the prior fiscal year. The claims liabilities reported at year are based on the requirements of GASB Statement No.10, which requires that a liability for claims be reported if it is probable that a liability has been incurred at the date of the financial statements and the amount of loss can be reasonably estimated.

The changes in the claims liability for the years ended December 31, 2018 and 2017 are as follows:

### **Road Commission**

The Road Commission is exposed to various risks related to property loss, torts, error and omissions, and employee injuries (workers' compensation), as well as medical benefits provided to employees. The Road Commission mitigates risk by carrying workers' compensation insurance through the County Road Association Self-Insurance Fund. The Road Commission is also a member of the Michigan County Road Commission Self-Insurance Pool (MCRCSIP). The insurance coverage provided by MCRCSIP includes, but is not limited to, general liability, auto, property insurance, stop loss protection, errors and omissions, trunk line liability and an umbrella policy. The amount the Road Commission pays annually is determined by the Administrator of MCRCSIP and is based on miles of roads, population and prior claim history. In addition to premiums paid, the Road Commission is responsible for the first \$1,000 of legal expense incurred per occasion. All other risk is transferred to MCRCSIP.

## **14. OPERATING AGREEMENTS**

### **Governmental Center**

In June 1978, the County entered into an agreement with the City of Traverse City for the joint ownership and operation of the Government Center. Under the terms of the agreement, the City of Traverse City owns 26.39% of the property and the County owns the remaining 73.61%. The County's share of the original building cost was approximately \$2,900,000. Under the terms of a separate agreement, the City of Traverse City reimburses the County for its' pro rata share of operation and maintenance costs.

## **15. JOINT VENTURES/RELATED ORGANIZATIONS**

### **Northwestern Regional Airport Commission**

The Northwestern Regional Airport Commission (NRAC) consists of representatives from Grand Traverse and Leelanau counties. The NRAC operates and maintains the Cherry Capital Airport in Traverse City, Michigan. By resolution adopted in 1990, Grand Traverse County was granted representation by five members and Leelanau County two members on the NRAC Board. At the same time, Antrim, Benzie and Kalkaska counties were granted the opportunity to join the NRAC with two representatives from Antrim County and one member each from Benzie and Kalkaska counties. As of December 31, 2016, Antrim, Benzie and Kalkaska counties had not joined the NRAC. Separate financial statements for NRAC are available at 144 W. S. Airport Rd. Traverse City, MI 49686.

### 17. CONDUIT DEBT

At year end, the County had outstanding conduit debt for which the County had no responsibility for repayment as follows:

- Loan to Montessori Children's House with a balance of \$2,419,059
- Loan to YMCA with a balance of \$3,427,612

### 18. CONTINGENCIES

In the normal course of its operations, the County has become a party in various legal actions, including property tax appeals. Management of the County is of the opinion that the outcome of such actions will not have a material effect on the financial position of the County. Amounts reserved for losses related to legal actions have not been included as a liability in the financial statements.

Under the terms of various Federal and State grants and regulatory requirements, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants and requirements. Such audits could lead to reimbursement to the grantor or regulatory agencies. However, management believes such disallowances, if any, will not be material to the financial position of the County.

### 19. SUBSEQUENT EVENT

Subsequent to December 31, 2018 the County

- Issued \$6,600,000 of refunding bonds to fund advanced repayment of \$6,450,000 of series 2011 wastewater bonds.
- Issued \$200,000 notes for the Cass Road Drain Drainage District.

*Friend of the Court Trust Fund* - This fund accounts for escrow funds received until their ultimate disposition or use has been determined.

*Library Fines Fund* - This fund is used to accumulate money collected by courts for fines imposed for State law violations. The accumulated fines must be apportioned annually among the public libraries and county library in accordance with the directions of the State Board for Libraries.

*Water and Sewer Receiving Funds* - These funds were established to account for the user fees collected on the various township sewer and water systems to cover the related maintenance, operating, and debt service costs associated with those systems.

## **Component Units**

*Land Bank Authority* – Members of the governing body of the Land Bank Authority are appointed by the County Board of Commissioners. The County also has the ability to influence the operations of the Land Bank Authority and has accountability for fiscal matters.

*Brownfield Redevelopment Authority* – The members of the governing board of the Brownfield Redevelopment Authority are appointed by the County Board of Commissioners. They review and approve plans for business development within designated areas of the County where property was once contaminated. Revenues received from local units of government are restricted to pay for site clean-up expenditures and future development depending on the development plan adopted for each project.

*Drainage Districts* – Each of the drainage districts established pursuant to the Drain Code of 1956 are separate legal entities, with the power to contract, to sue and be sued, to hold, manage and dispose of real and personal property, etc. The statutory drainage board of Chapter 21 drainage districts consists of the State Director of Agriculture and the Drain Commissioner of each county involved in the project. The County Drain Commissioner has sole responsibility to administer the drainage districts established pursuant to Chapters 3, 4 and 8 of the Drain Code.

The Drainage Board or Drain Commissioner, on behalf of the drainage districts, may issue debt and levy special assessments authorized by the Drain Code without the prior approval of the County Board of Commissioners. The full faith and credit of the County may be given for the debt of the drainage district. The County also has the ability to influence operations of the Drain Commission and has accountability for fiscal matters.

*Department of Public Works (the “DPW”)* - Members of the governing body of the Department of Public Works are appointed by the County Board of Commissioners. The County also has the ability to influence operations of the Department of Public Works and has accountability for fiscal matters.

Debt outstanding and estimated share of overlapping debt provided by Municipal Advisory Council of Michigan.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the County. This process recognizes that, when considering the County's ability to issue and repay long term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) Applicable percentages were estimated by determining the portion of the County's taxable value that is within the County's boundaries and dividing it by the County's total taxable value.

### **INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

June 28, 2019

Board of Commissioners  
Grand Traverse County, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Grand Traverse County, Michigan (the County) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 28, 2019.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of the County, in a separate letter dated June 28, 2019.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### **INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

June 28, 2019

Board of Commissioners  
Grand Traverse County, Michigan

#### **Report on Compliance for Each Major Federal Program**

We have audited Grand Traverse County, Michigan's, (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2018. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

#### ***Opinion on Each Major Federal Program***

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

#### ***Other Matters***

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2018-001. Our opinion on each major federal program is not modified with respect to this matter.

The County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

### **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

**2018-001 - CFDA #93.563**

**Condition and Criteria:** The Uniform Guidance 2 CFR Part 200, Appendix V, paragraph G(2) provides the standards for internal service funds working capital reserves. It states charges by an internal service activity to provide for the establishment and maintenance of a reasonable level of working capital, in addition to the full recovery of costs are allowable. A working capital reserve as a part of retained earnings of up to 60 calendar days cash expenses is considered reasonable. The County's Central stores funds exceeds the allowable amounts at December 31, 2018.

**Cause:** While the appropriate County employees were aware of the applicable compliance requirements and the necessity to lower working capital reserves, there was incomplete follow-through to ensure compliance with uniform guidance.

**Effect:** Noncompliance with the requirements of the Uniform guidance 2 CFR 200.

**Recommendation:** The County should develop and implement reimbursement rates to get working capital reserves down to limits consistent with Uniform Guidance 2 CFR 200

**Management Response:** The County is in process of reviewing the reimbursement rates of its internal service funds to ensure they are appropriate and keep working capital reserves at allowable levels.

Agenda Item Title:	DARE Car		
Estimated Time:	10 <small>(in minutes)</small>	Laptop Presentation:	<input type="radio"/> Yes <input checked="" type="radio"/> No

**Summary of Request:**

On July 11, 2019 we received a letter from Wayne Moody, the Automotive Program Coordinator for Northwestern Michigan College, expressing interest in acquiring the 1990 Caprice patrol vehicle that has been used as the “ DARE” car.

In 1996 the Board of Commissioners resolved to approve the Sheriff Department’s donation of the 1990 Chevrolet Patrol Vehicle to the DARE program. The Caprice was then refurbished and painted thanks to donations and there was no cost to the county. The DARE car has received several awards and was a highlight for the Grand Traverse DARE program for years.

The Grand Traverse Sheriff’s Office no longer participates in the DARE program and the DARE car has been in private storage for years. The Sheriff has been speaking with Mr. Moody about his request.

**Suggested Motion:**

For discussion by the Board with no motion recommended.

RESOLUTION

**XX-2019**

Whereas, the United States Census occurs once every ten years as mandated by Article I, Section 2 of the *United States Constitution*, and

Whereas, the US Census determines the populations of each state, it's subdivisions, and provides the counts to establish respective congressional districts, and

Whereas, the US Census can affect federal grants, aid, and disbursement of emergency dollars in times of need to affected localities, and

Whereas, the US Census had since the 1820's, asked citizenship status, missing only two years of that data collection, and

Whereas, an improper delineation of citizen/non-citizens can distort representation in the US House of Representatives, by giving some states with higher non-citizen populations an advantage with greater numbers in the US House of Representatives representing fewer legal voters in those states, and

Whereas, Michigan has likely lost representation because of districts being over-counted.

BE IT RESOLVED That the Grand Traverse County Board of Commissioners supports and asks for a full and proper, and complete census; One which denotes in it's population count both citizen and non-citizen properly catalogued for the purposes of assistance in times of need, and proper representation in the US House of Representatives; That the question of citizenship be included to fully execute the mission of the census to fulfill the mission as outlined in the constitution of the United States which we swore to uphold in our oath of office.

Respectfully submitted to the President, our State Representatives, and our Representative to the House of Representatives, on this date August 7, 2019.

RESOLUTION

**XX-2019**

**Resolution in Support of Line 5 Tunnel**

WHEREAS, Enbridge's Line 5 has been operating safely and reliably in Michigan for more than 65 years; and,

WHEREAS, Enbridge's Line 5, a light crude and natural gas liquids pipeline, helps to safely meet Michigan's energy needs by fulfilling more than half of the propane needs of the state; and,

WHEREAS, the products delivered to regional refineries provide jobs and ultimately fuel our lives; and,

WHEREAS, multiple and extensive inspections and safety tests over the last several years have confirmed the integrity of Line 5 at the Straits of Mackinac as fit for service; and,

WHEREAS, Enbridge has proposed to invest \$500 million to make a safe pipeline safer by placing a tunnel with one-foot-thick concrete walls 100 feet underground and make the chances of a leak into the Straits virtually zero; and,

WHEREAS, consequences to energy supply, local producers, regional airports and refineries, jobs, local economies and the pocketbook of Michiganders across the entire state are too great for Line 5 to be shut down before the tunnel replacement can be completed;

WHEREAS, within Grand Traverse and Leelanau counties BATA (Bay Area Transportation Authority) busses run clean emission free propane, a fuel which is transported through Line 5, to offer vehicle life cycle greenhouse (GHG) emissions benefits over conventional fuels,

WHEREAS, Enbridge has demonstrated a willingness to work with the state to both protect the Great Lakes and ensure the continued safe delivery of energy we all rely on.

NOW, THEREFORE, BE IT RESOLVED that the Grand Traverse County Board of Commissioners hereby joins with Dickinson County in extending its support for Enbridge's proposed tunnel replacement project and urges the State of Michigan to work with Enbridge to complete the tunnel project as quickly as possible and not disrupt Line 5 service before the tunnel can be completed; and,

BE IT FURTHER RESOLVED that Grand Traverse County sends this resolution to all counties of Michigan as an invitation to join in expressing support for increasing the safety of our current energy infrastructure as our society simultaneously seeks energy efficiencies and energy alternatives that will continue to reduce negative impacts and risks to our environment.
